

UNITED STATES
SECURITIES AND EXCHANGE COMMISSION
Washington, D.C. 20549

FORM 10-Q

(Mark One)

QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the quarterly period ended: June 30, 2024

or

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the transition period from _____ to _____

Commission File Number: 001-41038

STRAN & COMPANY, INC.

(Exact name of registrant as specified in its charter)

Nevada

(State or other jurisdiction
of incorporation)

04-3297200

(I.R.S. Employer
Identification No.)

2 Heritage Drive, Suite 600, Quincy, MA

(Address of principal executive offices)

02171

(Zip Code)

800-833-3309

(Registrant's telephone number, including area code)

(Former name or former address, if changed since last report)

Securities registered pursuant to Section 12(b) of the Act:

Title of each class	Trading Symbol(s)	Name of each exchange on which registered
Common Stock, par value \$0.0001 per share	SWAG	The Nasdaq Stock Market LLC
Warrants, each warrant exercisable for one share of Common Stock at an exercise price of \$4.81375	SWAGW	The Nasdaq Stock Market LLC

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant has submitted electronically every Interactive Data File required to be submitted pursuant to Rule 405 of Regulation S-T during the preceding 12 months (or for such shorter period that the registrant was required to submit such files). Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, a smaller reporting company, or an emerging growth company. See the definitions of "large accelerated filer," "accelerated filer," "smaller reporting company" and "emerging growth company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer Accelerated filer
Non-accelerated filer Smaller reporting company
Emerging growth company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes No

As of February 6, 2025, there were 18,608,408 shares of the registrant's common stock outstanding.

STRAN & COMPANY, INC.
NOTES TO UNAUDITED CONDENSED FINANCIAL STATEMENTS
(in thousands, except share and per share amounts)

A. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

1. Organization - Stran & Company, Inc., (the “Company”) was incorporated under the laws of the Commonwealth of Massachusetts and commenced operations on November 17, 1995. The Company re-incorporated under the laws of the State of Nevada on May 24, 2021.
2. Operations - The Company is an outsourced marketing solutions provider that sells branded products to customers. The Company purchases products and branding through various third-party manufacturers and decorators and resells the finished goods to customers.

In addition to selling branded products, the Company offers clients custom sourcing capabilities; a flexible and customizable e-commerce solution for promoting branded merchandise and other promotional products, managing promotional loyalty and incentives, print collateral, and event assets, order and inventory management, and designing and hosting online retail popup shops, fixed public retail online stores, and online business-to-business service offerings; creative and merchandising services; warehousing/fulfillment and distribution; print-on-demand; kitting; point of sale displays; and loyalty and incentive programs.

3. Method of Accounting - The Company’s financial statements are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. (“U.S. GAAP”).
4. Basis of Presentation - The accompanying unaudited condensed financial statements as of and for the three and six months ended June 30, 2024, include the accounts of the Company and have been prepared by the Company, without audit, pursuant to the rules and regulations of the Securities and Exchange Commission. These unaudited condensed financial statements should be read in conjunction with the audited financial statements and the notes thereto included in our Annual Report on Form 10-K/A filed with the Securities and Exchange Commission on January 22, 2024.

Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted pursuant to such rules and regulations, and we believe that the disclosures are adequate to make the information presented not misleading. In our opinion, all adjustments (consisting solely of normal recurring adjustments) necessary to present fairly the information in the following unaudited condensed financial statements of the Company have been included. The results of operations for interim periods are not necessarily indicative of the results for the full year.

5. Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosure of certain assets, liabilities and expenses. The most significant estimates in the Company’s financial statements relate to the fair value of assets and liabilities assumed in acquisitions and the fair value of the contingent earnout liability. These estimates and assumptions are based on current facts, historical experience and various other factors believed to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities and the recording of expenses that are not readily apparent from other sources. Actual results may differ materially and adversely from these estimates. To the extent there are material differences between the estimates and actual results, the Company’s future results of operations will be affected.
6. Fair Value Measurements and Fair Value of Financial Instruments - The Company follows the guidance in ASC 820 for its financial assets and liabilities that are re-measured and reported at fair value at each reporting period.

The fair value of the Company’s financial assets and liabilities reflects management’s estimate of amounts that the Company would have received in connection with the sale of the assets or paid in connection with the transfer of the liabilities in an orderly transaction between market participants at the measurement date. In connection with measuring the fair value of its assets and liabilities, the Company seeks to maximize the use of observable inputs (market data obtained from independent sources) and to minimize the use of unobservable inputs (internal assumptions about how market participants would price assets and liabilities). The following fair value hierarchy is used to classify assets and liabilities based on the observable inputs and unobservable inputs used in order to value the assets and liabilities:

Level 1: Quoted prices in active markets for identical assets or liabilities. An active market for an asset or liability is a market in which transactions for the asset or liability occur with sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2: Observable inputs other than Level 1 inputs. Examples of Level 2 inputs include quoted prices in active markets for similar assets or liabilities and quoted prices for identical assets or liabilities in markets that are not active.

Level 3: Unobservable inputs based on our assessment of the assumptions that market participants would use in pricing the asset or liability.

STRAN & COMPANY, INC.
NOTES TO UNAUDITED CONDENSED FINANCIAL STATEMENTS
(in thousands, except share and per share amounts)

The carrying value of certain financial instruments, including cash and cash equivalents, accounts receivable, and accounts payable are carried at historical cost basis, which approximates their fair values because of the short-term nature of these instruments.

7. Concentration of Credit Risk - Financial instruments that potentially subject the Company to concentrations of credit risk consist primarily of accounts receivable and deposits in excess of federally insured limits. These risks are managed by performing ongoing credit evaluations of customers' financial condition and by maintaining all deposits in high quality financial institutions.

As of June 30, 2024 and December 31, 2023, the Company maintained deposits in three banks that exceeded the federal insured deposit limit of the Federal Deposit Insurance Corporation (FDIC).

For the three and six months ended June 30, 2024, the Company had two major customers to which sales accounted for approximately 12.7% and 10.0% of the Company's revenues, respectively. The Company had accounts receivable from these customers amounting to 17.3% of the total accounts receivable balance.

For the three and six months ended June 30, 2023, the Company had three major customers to which sales accounted for approximately 13.4% and 21.3% of the Company's revenues, respectively. The Company had accounts receivable from these customers amounting to 8.6% of the total accounts receivable balance.

8. Revenue Recognition - The Company accounts for revenue under ASC 606, Revenue for Contracts with Customers ("ASC 606"). Revenue is generated through various types of transactions, including promotional product sales, administering a customer's rewards program, facilitating redemption code programs, and additional contract add-ons to enhance customer experience. The Company follows the five step model of revenue recognition:

- i. identify the contract(s) with a customer;
- ii. identify the performance obligations in the contract;
- iii. determine the transaction price;
- iv. allocate the transaction price to the performance obligations within the contract; and
- v. recognize revenue when (or as) the entity satisfies a performance obligation.

The Company's contract assessment and approval varies based on whether the customer requests a one-time sale or a long-term contract. Customers with long-term contracts require signed Master Sales Agreements, while one-time sales contracts may be approved via email, electronic signature, or verbally. Once the contract is identified and approved, the Company assesses the goods or services promised within the contract to determine whether each promised good or service is a performance obligation. The Company identifies each piece of promotional product as an individual performance obligation based on the following fact pattern. Customers can benefit from each item of promotional product produced on its own. Each piece of promotional product does not significantly modify or customize other promotional products and are not highly interdependent or interrelated with each other. The Company can, and frequently does, break portions of contracts into separate shipments to meet Customer demands. As such, each piece of promotional product is considered a separate and distinct performance obligation.

The transaction price for the majority of the Company's sales can be clearly identified in a significant majority of the contracts due to an observable selling price. The transaction price is then allocated to the performance obligation(s), i.e. promotional product. The agreements include clearly identified prices.

STRAN & COMPANY, INC.
NOTES TO UNAUDITED CONDENSED FINANCIAL STATEMENTS
(in thousands, except share and per share amounts)

The Company recognizes revenue when or as performance obligations are satisfied by transferring control of a promised good or service to a customer. Stran evaluates transfer of control primarily from the customer’s perspective. Considering the transaction from the customer’s perspective reduces the risk that revenue is recognized for activities that do not transfer control of a good or service to the customer. Management determines, at contract inception, whether control of a good or service transfers to a customer over time or at a point in time. The assessment of whether control transfers over time or at a point in time is critical to the timing of revenue recognition.

9. Accounts Receivable and Allowance for Credit Losses - Accounts receivable as of June 30, 2024 and December 31, 2023, includes allowance for credit losses of \$438 and \$317, respectively.

	June 30, 2024	December 31, 2023
Trade accounts receivable	\$ 13,281	\$ 17,393
Less: allowance for credit losses on accounts receivable	(438)	(317)
Total accounts receivable, net	\$ 12,843	\$ 17,076

The Company evaluates our accounts receivable through a continuous process of assessing our portfolio on an individual customer and overall basis. This process consists of a thorough review of historical collection experience, current aging status of the customer accounts and the financial condition of our customers. The Company also considers the economic environment of our customers, both from a marketplace and geographic perspective, in evaluating the need for an allowance. Based on our review of these factors, we establish or adjust allowances for specific customers. Credit losses can vary substantially over time and the process involves judgment and estimation that require a number of assumptions about matters that are uncertain. Accordingly, our results of operations can be affected by adjustments to the allowance due to actual write-offs that differ from estimated amounts. See Note P, “Credit Losses,” to our financial statements included in this report for more information.

10. Uncertainty in Income Taxes - As of June 30, 2024 and December 31, 2023, the Company determined it had uncertain tax positions of \$2,448. The Company believes the impact will not be material as it will be able to utilize net operating losses to offset a majority of the risk. The Company recorded a nominal amount of interest expense which is included as part of income tax expense.
11. Income Taxes - Income taxes are provided for the tax effects of transactions reported in the financial statements and consist of taxes currently due plus deferred taxes. Deferred taxes are provided for differences between the basis of assets and liabilities for financial statements and income tax purposes offset by a valuation allowance.
12. Stock-Based Compensation - The Company accounts for its stock-based awards in accordance with ASC 718, Compensation - Stock Compensation. ASC 718 requires all stock-based payments to employees to be recognized in the consolidated statements of operations based on their fair values. The Company uses the Black-Scholes option pricing model to determine the fair value of options granted. The Company is recognizing compensation costs only for those stock-based awards expected to vest after considering expected forfeitures. Cumulative compensation expense is at least equal to the compensation expense for vested awards. Stock-based compensation is recognized on a straight-line basis over the service period of each award. The Company records compensation cost as an element of general and administrative expense in the accompanying statements of operations.
13. Stock Option and Warrant Valuation - Stock option and warrant valuation models require the input of highly subjective assumptions. The fair value of stock-based payment awards was estimated using the Black-Scholes option model with a volatility figure derived from an index of historical stock prices for comparable entities. For warrants and stock options issued to non- employees, the Company accounts for the expected life based on the contractual life of the warrants and stock options. For employees, the Company accounts for the expected life of options in accordance with the “simplified” method, which is used for “plain-vanilla” options, as defined in the accounting standards codification. The risk-free interest rate was determined from the implied yields of U.S. Treasury zero-coupon bonds with a remaining life consistent with the expected term of the options.
14. Reclassifications - Certain reclassifications have been made to the Company’s previously issued Statements of Operations whereby amounts relating to (i) cost of sales, previously reflected as multiple components, have been aggregated and reclassified as a single line item, cost of sales. Additionally, certain reclassifications have been made to the Company’s previously issued Statements of Cash Flows whereby amounts relating to the payment of contingent earn-out and installment payments, previously aggregated and reflected as a single line item in the cash flows from financing activities, have been shown gross and shown as separate line items, payment of contingent earn-out liabilities and payment of installment payment liabilities. These reclassifications had no impact on previously reported net income, cash flows, or shareholders’ equity.

15. Recent Accounting Pronouncements - Management has reviewed the following recent accounting pronouncements:

2023-07 – Segment Reporting (Topic 280)

In November 2023, the Financial Accounting Standards Board (FASB) issued ASU 2023-07, which amends the guidance on segment reporting. This update enhances the disclosure requirements for reportable segments, primarily by requiring more detailed information about significant segment expenses. The amendments also clarify the circumstances under which an entity can disclose multiple measures of segment profit or loss and provide new segment disclosure requirements for entities with a single reportable segment.

The guidance is effective for fiscal years beginning after December 15, 2023, and interim periods within fiscal years beginning after December 15, 2024, with early adoption permitted. The guidance is to be applied retrospectively to all prior periods presented in the financial statements.

The Company is currently evaluating the impacts of adoption of this ASU, and expects to adopt ASU 2023-07 effective for the fiscal year 2024 as required under the standard.

2023-09 – Income Taxes (Topic 740)

In December 2023, the Financial Accounting Standards Board (FASB) issued ASU 2023-09, which amends the guidance on income tax disclosures. This update aims to improve the transparency and usefulness of income tax disclosures by requiring entities to provide more detailed information about the nature and effects of income tax uncertainties, the components of income tax expense, and the effective tax rate reconciliation. Additionally, the ASU mandates enhanced disclosures about deferred tax assets and liabilities, including the valuation allowance and the impact of tax law changes.

The guidance is effective for fiscal years beginning after December 15, 2024, and interim periods within fiscal years beginning after December 15, 2025, with early adoption permitted. The Company is currently evaluating the timing and impacts of adoption of this ASU.

2024-01 – Compensation – Stock Compensation (Topic 718)

In March 2024, the Financial Accounting Standards Board (FASB) issued ASU 2024-01, which clarifies the accounting for profits interest awards. This update provides guidance on determining whether a profits interest or similar award falls within the scope of ASC 718 (Compensation—Stock Compensation) or other guidance. The ASU aims to ensure consistency and transparency in the accounting for these awards by providing clearer criteria and illustrative examples.

The guidance is effective for fiscal years and interim periods beginning after December 15, 2024, with early adoption permitted. The Company is currently evaluating the timing and impacts of adoption of this ASU.

2024-03 - Income Statement - Reporting Comprehensive Income - Expense Disaggregation Disclosure

In November 2024, the FASB issued ASU 2024-03, Income Statement-Reporting Comprehensive Income-Expense Disaggregation Disclosures (Subtopic 220-40): Disaggregation of Income Statement Expenses (“ASU 2024-03”), which requires the disaggregation, in the notes to the financial statements, of certain cost and expense captions presented on the face of the Company’s Statement of Operations, to provide enhanced transparency to investors. The update may be applied either prospectively or retrospectively. ASU 2024-03 is effective for fiscal years beginning after December 15, 2026 and interim periods within fiscal years beginning after December 15, 2027. Early adoption is permitted.

The Company is currently evaluating the impact ASU 2024-03 will have on its disclosures.

16. Subsequent Events - Management has evaluated events occurring after the balance sheet date through the date on which the financial statements were filed.

STRAN & COMPANY, INC.
NOTES TO UNAUDITED CONDENSED FINANCIAL STATEMENTS
(in thousands, except share and per share amounts)

B. RESTATEMENT OF PREVIOUSLY ISSUED FINANCIAL STATEMENTS:

In connection with the re-audit of the financial statements of the Company, as of and for the fiscal years ended December 31, 2023 and 2022, which were previously audited by the Company's prior independent registered public accounting firm, BF Borgers CPA PC, the Company identified certain accounting errors relating to compliance with U.S. GAAP in connection with the Company's accounting of certain assets and liabilities as well as acquisition accounting. As a result of the re-audit, the Audit Committee, in consultation with the Company's management, concluded that the Company's previously issued unaudited consolidated financial statements and the notes thereto as of and for the three and six months ended June 30, 2023 require restatement and should not be relied upon.

The following include descriptions of the significant adjustments to the Company's previously reported June 30, 2023 financial statements included in this quarterly report.

1. Business Acquisitions

The Company incorrectly accounted for the Wildman Imprints former promotional products business division of Wildman Business Group, LLC, G.A.P. Promotions, LLC, Trend Promotional Marketing Corporation (d/b/a Trend Brand Solutions), Premier Business Services, and T R Miller Co., Inc. ("T R Miller") acquisitions ("Acquisitions") as asset acquisitions that would properly be accounted for as business combinations in accordance with ASC Topic 805, Business Combinations.

The Company improperly determined the fair value of certain assets acquired and liabilities assumed and the fair value of contingent earn-out payments, which was part of the total consideration, in accordance with ASC Topic 820, Fair Value Measurement.

As a part of the restatement process, the Company performed a separate assessment of each acquisition in accordance with the relevant guidance of ASC Topic 805, Business Combinations, and completed a purchase price allocation analysis, including the proper calculation of the fair value of the certain assets acquired and liabilities assumed and the fair value of contingent earn-out payments.

To correct the error, the Company adjusted the final purchase price accounting for inventory, identifiable intangibles, goodwill and contingent earn-out liabilities, including associated mark-to-market adjustments subsequent to the acquisition dates.

2. Goodwill Impairment

As a result of the incorrect accounting treatment of the Acquisitions, the Company omitted the recognition of goodwill and failed to perform an annual goodwill impairment analysis as of October 1, 2023 and 2022.

As a part of the restatement process, the Company performed quantitative goodwill impairment testing in accordance with ASC 350, Intangibles - Goodwill and Other as of October 1, 2023 and October 1, 2022. The Company determined that the carrying value of its reporting unit was in excess of its fair value.

To correct the error, the Company recorded a non-cash goodwill impairment charge during the fourth quarter of fiscal years 2022 and 2023.

3. Income Taxes

The Company improperly calculated deferred tax asset and liability balances. The Company also established several improper methods of accounting for income taxes with respect to the Acquisitions, bad debt reserve, capitalized research, and inventory capitalization as well as other book to tax adjustments that needed to be corrected such as charitable contributions and stock option expense.

As a part of the restatement process, the Company calculated the correct tax adjustments for the 2021 through 2023 tax years and the impact to the income tax provision and deferred tax asset/(liability) balances.

STRAN & COMPANY, INC.
NOTES TO UNAUDITED CONDENSED FINANCIAL STATEMENTS
(in thousands, except share and per share amounts)

To correct the error, the Company recorded journal entries to correct end of the year deferred tax asset/(liability) balances. With respect to improper methods of tax accounting, the Company recorded an uncertain tax position (“FIN 48”) reserve for each of these items and will correct the improper methods of tax accounting by filing an automatic method change in its 2024 U.S. federal income tax return, which will be filed in 2025. The Company generated tax losses in 2021 and 2022, these losses were able to offset the effects of the improper methods for both 2021 and 2022. In addition, the Company plans to amend its 2023 U.S. federal income tax return, which will include a statement explaining additional adjustments such as charitable contributions and stock option expense to its 2021 and 2022 net operating loss carryforward balances. All tax entries have been booked as of June 30, 2024 and 2023, to reflect the correct income tax provision and deferred tax asset/(liability) balances. The Company recorded a valuation allowance as well in 2022 as the Company was in a cumulative deficit at that time.

4. Related Party Presentation

Certain amounts relating to the accounts receivable from related parties, previously reflected in Accounts Receivable, Net on the Company’s Balance Sheet, have been reclassified to Accounts Receivable – Related Parties. These reclassifications had no impact on the previously reported net earnings, cash flows or shareholders’ equity.

5. Accounts Receivable and Unearned Revenue Adjustment

The Company incorrectly recorded certain amounts in Accounts Receivable for products that were shipped but not billed as of June 30, 2023, rather than reducing Unearned Revenue for the customer deposits that were received prior to June 30, 2023.

As a part of the restatement process, the Company performed reconciliations of unbilled receivables and unearned revenue and adjusted overstated Accounts Receivable and Unearned Revenue balances.

6. Sales Adjustment

The Company incorrectly recognized Sales relating to freight charges for certain orders.

As a part of the restatement process, the Company conducted a thorough analysis of sales including freight charges. Multiple reviews were carried out to ensure all potential errors were addressed.

To correct the error, the Company adjusted overstated freight revenue and corresponding freight expenses for the three and six months ended June 30, 2023.

7. Inventory Adjustment

The Company failed to perform a proper full physical inventory count.

As a part of the restatement process, the Company performed a physical inventory count and corresponding rollback analysis. The Company identified discrepancies between recorded and actual inventory levels.

To correct the error, the Company adjusted its inventory records and reduced its reported inventory value as of June 30, 2023, to accurately reflect the findings.

8. Subsequent Measurement of Available-for-Sale Securities

The Company incorrectly recorded unrealized holding gains and losses for available-for-sale securities that should be excluded from earnings and reported in other comprehensive income (loss).

As a part of the restatement process, the Company performed a separate analysis related to subsequent measurement of available-for-sale securities in accordance with the relevant guidance of ASC Topic 320, Investments – Debt Securities.

To correct the error, the Company adjusted realized gain (loss) on investment and corresponding other comprehensive income (loss) for the three and six months ended June 30, 2023.

STRAN & COMPANY, INC.
NOTES TO UNAUDITED CONDENSED FINANCIAL STATEMENTS
(in thousands, except share and per share amounts)

9. Unearned Revenue and Sales Adjustment

The Company failed to recognize certain amounts as Sales for the products that were included in Unearned Revenue but shipped as of June 30, 2023. In addition, the Company did not reduce the inventory balance for the products that were shipped as of June 30, 2023. As a part of the restatement process, the Company performed reconciliations of unearned revenue and adjusted overstated Unearned Revenue and Inventory balances for the products that were shipped as of June 30, 2023.

* *Represents revision for immaterial error correction.*

C. FAIR VALUE MEASUREMENTS:

Fair value measurements discussed herein are based upon certain market assumptions and pertinent information available to management as of June 30, 2024 and December 31, 2023. The carrying amount of accounts payable approximated fair value as they are short term in nature. The fair value of stock options are estimated based on the Black-Scholes model during the six months ended June 30, 2024 and the year ended December 31, 2023.

Fair Value on a Recurring Basis

The Company follows the guidance in ASC 820 for its financial assets and liabilities that are re-measured and reported at fair value at each reporting period. The estimated fair value of the Company's investments and money market accounts represent Level 1 measurements. The estimated fair value of the earn-out liabilities represent Level 3 measurements. The following table presents information about the Company's assets and liabilities that are measured at fair value on a recurring basis as of June 30, 2024 and December 31, 2023, and indicates the fair value hierarchy of the valuation inputs the Company utilized to determine such fair value:

Description	Level	June 30, 2024	December 31, 2023
Assets:			
Investments	1	\$ 9,603	\$ 10,393
Liabilities:			
Earn-out liabilities	3	\$ 987	\$ 987

Investments

The Company's investments consisted of the following as of June 30, 2024:

	Cost	Unrealized Gain (Loss)	Fair Value
Money market fund	\$ 440	\$ —	\$ 440
Corporate bonds	3,169	(66)	3,103
Mutual funds	747	12	759
US Treasury bills	5,279	22	5,301
	<u>\$ 9,635</u>	<u>\$ (32)</u>	<u>\$ 9,603</u>

Earn-Out Liabilities

For the three and six months ended June 30, 2024 and 2023, the Company did not recognize any change in fair value of contingent earn-out liability as it was deemed immaterial in both periods.

STRAN & COMPANY, INC.
NOTES TO UNAUDITED CONDENSED FINANCIAL STATEMENTS
(in thousands, except share and per share amounts)

D. INVENTORY:

Inventory consists of the following:

	June 30, 2024	December 31, 2023
Finished goods (branded products)	\$ 3,249	\$ 4,182
Goods in process (un-branded products)	725	600
	<u>\$ 3,974</u>	<u>\$ 4,782</u>

E. PROPERTY AND EQUIPMENT, NET:

Property and equipment, net consists of the following:

	June 30, 2024	December 31, 2023
Leasehold improvements	\$ 6	\$ 6
Office furniture and equipment	584	558
Software	2,806	2,468
Transportation equipment	62	62
	<u>3,458</u>	<u>3,094</u>
Accumulated depreciation	(1,743)	(1,573)
	<u>\$ 1,715</u>	<u>\$ 1,521</u>

The Company recorded depreciation expense of \$126 and \$192 for the three months ended June 30, 2024 and 2023, respectively. The Company recorded depreciation expense of \$170 and \$284 for the six months ending June 30, 2024 and 2023, respectively.

F. INTANGIBLE ASSETS:

The following table presents details of the Company's intangible assets, estimated lives and related accumulated amortization:

	Estimated Useful Life	As of June 30, 2024			As of December 31, 2023		
		Gross	Accumulated Amortization	Net Carrying Amount	Gross	Accumulated Amortization	Net Carrying Amount
Customer lists	10 - 12 years	\$ 3,716	\$ (773)	\$ 2,943	\$ 3,716	\$ (602)	\$ 3,114
Total		<u>\$ 3,716</u>	<u>\$ (773)</u>	<u>\$ 2,943</u>	<u>\$ 3,716</u>	<u>\$ (602)</u>	<u>\$ 3,114</u>

The Company recorded amortization expense of \$85 and \$67 for the three months ended June 30, 2024 and 2023, respectively. The Company recorded amortization expense of \$171 and \$123 for the six months ended June 30, 2024 and 2023, respectively.

The following table presents future estimated amortization expense based on existing intangible assets held for use:

Fiscal Years:		
Remainder of 2024		\$ 172
2025		343
2026		343
2027		343
2028		343
Thereafter		1,399
Total		<u>\$ 2,943</u>

Actual future estimated amortization expense could differ from these estimated amounts as a result of future acquisitions, dispositions, impairments, and other factors or changes.

G. T R MILLER ACQUISITION

On June 1, 2023 (the “T R Miller Closing Date”), the Company completed its acquisition (the “T R Miller Acquisition”) of substantially all of the assets (the “T.R. Miller Acquired Assets”) of T R Miller Co., Inc. (“T R Miller”), pursuant to the Asset Purchase Agreement, date as of January 25, 2023 (the “T R Miller Purchase Agreement”), among the Company, T R Miller, and Thomas R Miller (the “T R Miller Stockholder”).

The aggregate consideration required to be paid to T R Miller for the purchase of the T R Miller Acquired Assets was (a) \$1,000 payable in cash on the T R Miller Closing Date; (b) an amount equal to the cost basis of Inventory (as defined in the T R Miller Purchase Agreement); (c) four annual installment payments due on each anniversary of the T R Miller Closing Date, equal to \$400, \$300, \$200, and \$200, respectively; (d) four annual earn-out payments equal to (i) 45% of the annual Gross Profit (as defined in the T R Miller Purchase Agreement) during the immediately trailing 12-month period prior to the applicable T R Miller Closing Date anniversary with respect to certain customers of T R Miller or primarily resulting from the efforts of the T R Miller Stockholder or certain employees or independent contractors of T R Miller, to the extent that such Gross Profit amount exceeded \$4,000, plus (ii) 25% of the annual Gross Profit during the immediately trailing 12-month period prior to the applicable T R Miller Closing Date anniversary with respect to certain customers primarily resulting from the past or future efforts of the Company that are assigned to and the primary responsibility of any employee or independent contractor of T R Miller as designated by the T R Miller Purchase Agreement, to the extent that such Gross Profit amount exceeded \$4,000. The aggregate T R Miller Purchase Price was approximately \$3,541.

The following table summarizes the estimated fair value of the total consideration required to be paid pursuant to the T R Miller Purchase Agreement as of the T R Miller Closing Date:

Cash	\$	1,000
Cash adjustment for working capital		1,123
Present value of installment payments		951
Fair value of earn-out payments		467
Total consideration	\$	<u>3,541</u>

The Company determined the estimated fair value of the earn-out payments based on a discounted cash flow method.

The Company determined the estimated fair value of the installment payments based on the present value of the future cash flows in accordance with the T R Miller Purchase Agreement.

The following table summarizes the purchase price allocations relating to the T R Miller Acquisition:

Accounts receivable	\$	1,622
Prepaid expense		5
Inventory		882
Customer relationships		1,170
Goodwill		720
Right of use asset - office leases		837
Accounts payable and accrued expenses		(591)
Unearned revenue		(285)
Lease liability		(819)
Total consideration	\$	<u>3,541</u>

The T R Miller Acquired Assets were valued using a combination of a multi-period excess earnings methodology, a discounted cash flow approach and present value of cash flows approach. The goodwill represents the excess fair value after the allocation of intangibles, of which approximately \$420 is expected to be deductible for tax purposes.

The Company incurred approximately \$39 of acquisition related transaction costs in conjunction with the T R Miller Acquisition.

Pro forma disclosure for the T R Miller Acquisition

The following unaudited pro forma financial information reflects the consolidated results of operations of the Company for the six months ended June 30, 2023, as if the T R Miller Acquisition had taken place on January 1, 2023. The financial results of the T R Miller Acquisition are included in the Company’s statements of operation for the three and six months ended June 30, 2024. The pro forma financial information is not necessarily indicative of the results of operations as they would have been had the transactions been effected on the assumed date:

	<u>\$ 16,693</u>	<u>\$ 17,415</u>	<u>\$ 35,520</u>	<u>\$ 33,386</u>

Unearned revenue includes customer deposits and deferred revenue which represent prepayments from customers. The Company had unearned revenue as follows:

	June 30, 2024	June 30, 2023
		(Restated)
Balance at January 1,	\$ 1,116	\$ 633
Revenue recognized	(1,042)	(464)
Amounts collected or invoiced	780	1,970
Unearned revenue	<u>\$ 854</u>	<u>\$ 2,139</u>

K. COMMITMENTS AND CONTINGENCIES:

Legal Proceedings

The Company may from time to time become involved in various legal actions incidental to our business. As of the date of this report, the Company is not involved in any legal proceedings that it believes could have a material adverse effect on its financial position or results of operations. However, the outcome of any current or future legal proceeding is inherently difficult to predict and any dispute resolved unfavorably could have a material adverse effect on the Company's business, financial position, and operating results.

Lease Agreements - Operating Leases

On May 31, 2020, the Company renewed a lease for a 10,500 square foot office space in Quincy, MA. The lease renewed on June 1, 2020 and is for a term of 60 months from the renewal date. The lease included an escalation clause with annual increases of approximately 2.5% increase per year. The associated lease right-of-use asset and lease liability is \$358 as of June 30, 2024, based on the present value of payments and an incremental borrowing rate of 12%. As the Company's lease did not provide an implicit rate, the Company estimated the incremental borrowing rate based on the credit quality of the Company and by comparing interest rates available in the market for similar borrowings.

On February 1, 2023, the Company entered into a lease for a 5,600 square foot office space in Tomball, TX. The lease commenced on February 1, 2023 and is for a term of 36 months from the commencement date. The lease included an escalation clause with annual increases of approximately 2.3% increase per year. The Company associated lease right-of-use asset and lease liability is \$115 as of June 30, 2024, based on the present value of payments and an incremental borrowing rate of 4%. As the Company's lease did not provide an implicit rate, the Company estimated the incremental borrowing rate based on the credit quality of the Company and by comparing interest rates available in the market for similar borrowings.

On May 31, 2023, the Company entered into a lease for a 25,000 square foot office space and warehouse in Walpole, MA. The lease commenced on June 1, 2023 and is for a term of 60 months from the commencement date. The lease included an escalation clause with annual increases of approximately 2% increase per year. The Company associated lease right-of-use asset and lease liability is \$720 as of June 30, 2024, based on the present value of payments and an incremental borrowing rate of 4%. As the Company's lease did not provide an implicit rate, the Company estimated the incremental borrowing rate based on the credit quality of the Company and by comparing interest rates available in the market for similar borrowings.

2025	361
2026	189
2027	185
2028	65
Thereafter	—
Total payments	1,087
Less amount representing interest	(18)
Present value of payments	\$ 1,069

The following schedule sets forth supplemental cash flow information related to operating leases for the three and six months ended June 30, 2024 and 2023 :

	Three months ended June 30,		Six months ended June 30,	
	2024	2023 (Restated)	2024	2023 (Restated)
Other information				
Operating cash flows from operating lease	\$ —	\$ 1,034	\$ —	\$ 1,034

The aggregate weighted average remaining lease term was 3.04 years as of June 30, 2024. The aggregate weighted average discount rate was 3.38% as of June 30, 2024.

L. NOTE PAYABLE - LINE OF CREDIT:

The Company has a \$7,000 line of credit with Salem Five Cents Savings Bank. As of June 30, 2024 and December 31, 2023, borrowings on this line of credit amounted to zero. The line bears interest at prime rate plus 0.5% per annum. At June 30, 2024 and December 31, 2023, the interest rate was 9.00% and 9.00%, respectively. The line is reviewed annually and is due on demand. This line of credit is secured by substantially all assets of the Company. The line of credit was terminated effective August 26, 2024.

M. REWARD CARD PROGRAM LIABILITY:

The Company manages reward card programs for customers. Under this program, the Company receives cash and simultaneously records a liability for the total amount received. These accounts are adjusted on a periodic basis as reward cards are funded or reduced at the direction of the customers. At June 30, 2024 and December 31, 2023, the Company had deposits totaling \$3,350 and \$875, respectively.

STRAN & COMPANY, INC.
NOTES TO UNAUDITED CONDENSED FINANCIAL STATEMENTS
(in thousands, except share and per share amounts)

N. STOCK-BASED COMPENSATION:

In November 2021, the Board of Directors adopted the Amended and Restated 2021 Equity Incentive Plan (the “2021 Plan”) which provides for the granting of non-qualified stock options and restricted stock to the Company’s employees, officers, directors, and outside consultants to purchase shares of the Company’s common stock. As of June 30, 2024, the number of shares of common stock available for issuance under the 2021 Plan is 1,041,323 shares of common stock.

Stock-based compensation expense included the following components:

	Three months ended June 30,		Six months ended June 30,	
	2024	2023 (Restated)	2024	2023 (Restated)
Stock options	\$ 17	\$ 12	\$ 17	\$ 25
Restricted stock	3	98	153	112
	<u>\$ 20</u>	<u>\$ 110</u>	<u>\$ 170</u>	<u>\$ 137</u>

All stock-based compensation expense is recorded in General and administrative expense in the Statements of Operations.

Non-Qualified Stock Options

The fair value of options is estimated on the date of grant using the Black-Scholes option pricing model using the assumptions noted in the table below. The fair value is amortized as compensation cost on a straight-line basis over the requisite service period of the awards, which is generally the vesting period. The Company uses historical data on employee turnover and terminations to estimate the percentage of options that will ultimately be exercised. Expected volatility is based on historical volatility from a representative sample of publicly traded companies. The expected term represents the period of time that the options are expected to be outstanding. The risk-free interest rate is estimated using the rate of return on U.S. Treasury Notes with a life that approximates the expected life of the option. Forfeitures are estimated at the time of grant and revised, if necessary, in subsequent periods if actual results differ from the estimates. Stock-based compensation is based on awards that are ultimately expected to vest.

Option awards are generally granted with an exercise price equal to the fair value of the Company’s stock at the date of grant; those options generally vest based on four years of continuous service and have 10-years contractual terms.

A summary of option activity under the 2021 Plan as of and for the six months ended June 30, 2024 is presented below:

Options	Shares	Weighted Average Exercise Price	Aggregate Intrinsic Value
Outstanding at January 1, 2024	1,466,062	\$ 4.15	\$ —
Granted	—	—	—
Forfeited or expired and other adjustments	(54,096)	4.71	—
Outstanding at June 30, 2024	<u>1,411,966</u>	<u>\$ 3.95</u>	<u>\$ —</u>
Vested and exercisable at June 30, 2024	921,834	\$ 4.04	\$ —

The Company did not issue any options during the six months ended June 30, 2024. The weighted-average grant-date fair value of options granted during the six months ended June 30, 2023 was \$1.55. The weighted-average remaining contractual term for the outstanding options is approximately 8 years as of June 30, 2024.

Restricted Stock:

Restricted stock consists of time-based restricted stock units (RSUs) and performance-based restricted stock units (PSUs). RSUs granted under the 2021 Plan generally vest over 3 to 4 years, based on continued employment, and are settled upon vesting with shares of the Company’s common stock on a one-for-one basis. PSUs granted under the 2021 Plan are issued and vest immediately as various performance goals and targets are achieved.

A summary of restricted stock activity under the 2021 Plan as of and for the six months ended June 30, 2024 is presented below:

Restricted Stock	Time-Based
Outstanding at December 31, 2023	15,736
Granted	54,086
Vested	(50,086)
Forfeited	(166)
Outstanding at June 30, 2024	<u>19,570</u>

STRAN & COMPANY, INC.
NOTES TO UNAUDITED CONDENSED FINANCIAL STATEMENTS
(in thousands, except share and per share amounts)

O. LOSS PER SHARE:

The following outstanding shares of common stock equivalents were excluded from the computation of diluted net loss per share for the periods in which a net loss is presented because their effect would have been anti-dilutive.

	<u>June 30, 2024</u>	<u>June 30, 2023</u> (Restated)
Warrants	10,074,195	10,074,195
Stock options	921,834	588,396
	<u>10,996,029</u>	<u>10,662,591</u>

For the three and six months ended June 30, 2024 and 2023, as a result of the net losses in these periods, all warrants and stock options have been excluded from the calculation of diluted earnings per share and, therefore, there was no difference in the weighted average number of common shares for basic and diluted loss per share as the effect of all potentially dilutive shares outstanding was anti-dilutive.

P. CREDIT LOSSES:

The Company is exposed to credit losses primarily through sales of products and services. The Company's expected loss allowance methodology for accounts receivable is developed using historical collection experience, current and future economic and market conditions and a review of the current status of customers' trade accounts receivable. Customers are pooled based on sharing specific risk factors. Due to the short-term nature of such receivables, the estimated accounts receivable that may not be collected is based on aging of the accounts receivable balances.

Customers are assessed for credit worthiness upfront through a credit review, which includes assessment based on the Company's analysis of their financial statements when a credit rating is not available. The Company evaluates contract terms and conditions, country and political risk, and may require prepayment to mitigate risk of loss. Specific allowance amounts are established to record the appropriate provision for customers that have a higher probability of default. The Company monitors changes to the receivables balance on a timely basis, and balances are written off as they are determined to be uncollectible after all collection efforts have been exhausted. Estimates of potential credit losses are used to determine the allowance. It is based on assessment of anticipated payment and all other historical, current and future information that is reasonably available.

The accounts receivable balance on the Company's balance sheets as of June 30, 2024 was \$12,015, net of \$438 of allowances. The following table provides a roll-forward of the allowance for credit losses for the six months ending June 30, 2024 and 2023 that is deducted from the amortized cost basis of accounts receivable to present the net amount expected to be collected:

	<u>June 30, 2024</u>	<u>June 30, 2023</u> (Restated)
Balance of allowance for credit losses, beginning of period	\$ (317)	\$ (264)
Current period change for write-offs	167	59
Current period change for expected credit losses	(288)	(59)
Balance of allowance for credit losses, end of period	<u>\$ (438)</u>	<u>\$ (264)</u>

Amounts due and paid to related party:

Transactions with Engage & Excel Enterprises Inc.

Alan Chippindale, a member of the Company's board of directors, the chairman of the Compensation Committee, and a member of the Nominating and Corporate Governance Committee, is the President of Engage & Excel Enterprises Inc. ("Engage & Excel"). The Company and Engage & Excel are parties to a Buyer's Agreement, dated June 25, 2020 (the "Buyer's Agreement"). Under the Buyer's Agreement, Engage & Excel agreed to provide certain merger and acquisition, management and recruitment consulting services in connection with the Company's acquisition of the Wildman Imprints assets. The Company agreed to pay Engage & Excel a fee of \$20 upon completion of a purchase and sale agreement and two annual fees of 1.5% of gross margin less costs attributable to the acquisition. The Company has paid Engage & Excel approximately \$23 as of June 30, 2024.

Separately from the Buyer's Agreement, in 2023, the Company paid Engage & Excel approximately \$18 for recruiting fees and \$20 for consulting fees relating to the T R Miller assets acquisition. The Company also agreed to pay Engage & Excel 1.5% of the contribution margin of the T R Miller assets for two years, paid annually. The Company has paid Engage & Excel for consulting services \$5 as of June 30, 2024. The Company's board of directors has determined that Mr. Chippindale remains eligible under Nasdaq rules to serve as an "independent director" of the Company and as a member and chairman of the Compensation Committee and a member of the Nominating and Corporate Governance Committee. Due to Mr. Chippindale's indirect compensation under the agreement, the board has determined that he is currently not eligible to be a member of our Audit Committee.

R. ADVERTISING:

The Company follows the policy of charging the costs of advertising to expense as incurred. For the three months ended June 30, 2024 and 2023, advertising costs amounted to \$90 and \$135, respectively. For the six months ending June 30, 2024 and 2023, advertising costs amounted to \$195 and \$307, respectively.

S. SUBSEQUENT EVENTS:

Completion of Bangarang Acquisition:

On August 23, 2024, Stran Loyalty Solutions, LLC, a Nevada limited liability company (the "Purchaser" or "Stran Loyalty Solutions"), a wholly-owned subsidiary of the Company, entered into a Secured Party Sale Agreement, dated as of August 23, 2024 (the "Sale Agreement"), with Sallyport Commercial Finance, LLC, a Delaware limited liability company ("Secured Party"), pursuant to which the Purchaser agreed to purchase, on an as-is basis, all of the rights and interests of Bangarang Enterprises, LLC, a California limited liability company (d/b/a Gander Group) ("Bangarang"), in and to substantially all of the assets of Bangarang (the "Bangarang Assets") from Secured Party as a private sale pursuant to Article 9 of the Uniform Commercial Code (the "Bangarang Transaction").

Under the Sale Agreement, the aggregate consideration for the Bangarang Assets consisted of (a) cash payments by the Purchaser to Secured Party of \$1,099 (the "Cash Purchase Price"), and (b) the assumption by the Purchaser of certain liabilities totaling approximately \$5.5 million (the "Assumed Liabilities"), subject to adjustments, as described below, at and following the Closing (as defined below), including the payment at the Closing of \$150 to Warson Capital Partners, LLC, an investment banking firm retained by Bangarang, for its fees and expenses with respect to the Bangarang Transaction, including the marketing for sale of the Bangarang Assets (the "Transaction Expense Payment").

As a result of the Closing, the Company indirectly acquired substantially all of the assets of Bangarang, including all of the equity of Gander Group Louisiana, LLC, a Louisiana limited liability company, which will be a wholly-owned subsidiary of the Purchaser.

The Company has not completed the purchase price allocation of this acquisition prior to the issuance of these financial statements, and an estimate of the financial effect of the transaction cannot be made. All other business combination disclosures are not available due to the proximity of the acquisition to the issuance of these financial statements.

Factoring Arrangement and Termination of Revolving Line of Credit

On August 23, 2024, Stran Loyalty Solutions entered into a factoring arrangement with a third party to provide accounts receivable financing to Stran Loyalty Solutions. In connection with the factoring arrangement, the Company provided a secured guarantee of Stran Loyalty Solutions' obligations under the factoring arrangement. Prior to this arrangement, the Company had been a party to the Revolving Demand Line of Credit Loan Agreement, dated as of November 22, 2021, between the Company and Salem Five Cents Savings Bank, a Massachusetts savings bank ("Salem Five Cents"), as amended by the Commercial Loan Modification Agreement, dated as of February 12, 2024, between the Company and Salem Five Cents (the "Loan Agreement"), and the Revolving Demand Line of Credit Note, dated November 22, 2021, by the Company in favor of Salem Five Cents (the "Demand Note"). The Loan Agreement and the Demand Note provided for a secured revolving loan facility in an aggregate principal amount of up to \$7,000 (the "Revolving Line of Credit"). In discussions with Salem Five Cents prior to the establishment of the factoring arrangement, Salem Five Cents indicated that it would terminate the Revolving Line of Credit because of a policy which prohibited it from agreeing to subordination of its security interest in the Company's assets.

Accordingly, on September 9, 2024, Salem Five Cents delivered a letter (the "Termination Letter") to the Company that stated that, effective August 26, 2024 (the "Termination Date"), Salem Five Cents terminated all obligations under the Loan Agreement and the Demand Note. The Termination Letter further stated that the Loan Agreement and the Demand Note and any related loan documents shall be considered no longer in force or effect. The Company had no funds drawn on the Revolving Line of Credit on the Termination Date.

Operating Lease Agreement

On January 10, 2025, the Company entered into a seven-year lease agreement for new office space in North Quincy, Massachusetts. The Company's existing lease agreement for its office space expires May 31, 2025. The new lease term begins on June 1, 2025 and expires on May 31, 2032 with an option to extend the lease an additional five years. The lease contains an initial base rent of \$21 per month with 2.2% - 2.5% annual escalations, plus a percentage of taxes and operating expenses incurred by the lessor in connection with the ownership and management of the property.

ITEM 2. MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

The following management’s discussion and analysis of financial condition and results of operations provides information that management believes is relevant to an assessment and understanding of our plans and financial condition. The following financial information is derived from our financial statements and should be read in conjunction with such financial statements and notes thereto set forth elsewhere herein.

Use of Terms

Except as otherwise indicated by the context and for the purposes of this report only, references in this report to “we,” “us,” “our,” “Stran,” and the “Company” are to Stran & Company, Inc., a Nevada corporation.

Special Note Regarding Forward-Looking Statements

This report contains forward-looking statements that are based on our management’s beliefs and assumptions and on information currently available to us. All statements other than statements of historical facts are forward-looking statements. These statements relate to future events or to our future financial performance and involve known and unknown risks, uncertainties and other factors that may cause our actual results, levels of activity, performance or achievements to be materially different from any future results, levels of activity, performance or achievements expressed or implied by these forward-looking statements. Forward-looking statements include, but are not limited to, statements about:

- the expected timing, availability and effects on our stock price and financial condition of our stock repurchase program;
- our goals and strategies;
- our business development, financial condition and results of operations;
- expected changes in our revenue, costs or expenditures;
- growth and competition trends in our industry;
- our expectations regarding demand for, and market acceptance of, our products or services;
- our expectations regarding our relationships with investors, institutional funding sources and other parties with whom we collaborate;
- our expectations regarding the availability and use of financing from our revolving line of bank credit, other credit facilities, or sales of equity or debt securities;
- future fluctuations in general economic and business conditions in the markets in which we operate; and
- future relevant government policies and regulations relating to our industry.

In some cases, you can identify forward-looking statements by terms such as “may,” “could,” “will,” “should,” “would,” “expect,” “plan,” “intend,” “anticipate,” “believe,” “estimate,” “predict,” “potential,” “project” or “continue” or the negative of these terms or other comparable terminology. These statements are only predictions. You should not place undue reliance on forward-looking statements because they involve known and unknown risks, uncertainties and other factors, which are, in some cases, beyond our control and which could materially affect results. Factors that may cause actual results to differ materially from current expectations include, among other things, those listed under Item 1A “*Risk Factors*” included in our Annual Reports on Form 10-K filed under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), and elsewhere in this report. If one or more of these risks or uncertainties occur, or if our underlying assumptions prove to be incorrect, actual events or results may vary significantly from those implied or projected by the forward-looking statements. No forward-looking statement is a guarantee of future performance.

In addition, statements that “we believe” and similar statements reflect our beliefs and opinions on the relevant subject. These statements are based upon information available to us as of the date of this report, and while we believe such information forms a reasonable basis for such statements, such information may be limited or incomplete, and our statements should not be read to indicate that we have conducted an exhaustive inquiry into, or review of, all potentially available relevant information. These statements are inherently uncertain and investors are cautioned not to unduly rely upon these statements.

The forward-looking statements made in this report relate only to events or information as of the date on which the statements are made in this report. Except as expressly required by the federal securities laws, there is no undertaking to publicly update or revise any forward-looking statements, whether as a result of new information, future events, changed circumstances or any other reason.

Overview

We are an outsourced marketing solutions provider that sells branded products to customers. We purchase products and branding through various third-party manufacturers and decorators and resell the finished goods to customers.

In addition to selling branded products, we offer clients custom sourcing capabilities; a flexible and customizable e-commerce solution for promoting branded merchandise and other promotional products, managing promotional loyalty and incentives, print collateral, and event assets, order and inventory management, and designing and hosting online retail popup shops, fixed public retail online stores, and online business-to-business service offerings; creative and merchandising services; warehousing/fulfillment and distribution; print-on-demand; kitting; point of sale displays; and loyalty and incentive programs.

We earn the majority of our revenue from the sale of unique, quality promotional products for a wide variety of industries primarily to support marketing efforts. We also derive revenues from service fees from loyalty programs, event management, print services, fulfillment services, and technology services.

The majority of our revenue is derived from program business, although only a small percentage of our customers are considered programmatic. For the three and six months ended June 30, 2024, program clients accounted for 81.3% and 82.7% of total revenue, respectively. For the three and six months ended June 30, 2023, program clients accounted for 77.4% and 79.2% of total revenue, respectively. Fewer than 350 of our more than 2,000 active customers are considered to be program clients. Our active customers are any organizations, businesses, or divisions of a parent organization which have purchased directly or indirectly from us within the last two years, and include organizations that have bought from other organizations for which Stran acts as an established sub-contractor. We define transactional customers as customers that place an order with us and do not have an agreement with us covering ongoing branding requirements. We define program clients as clients that have a contractual obligation for specific ongoing branding needs. Program offerings include ongoing inventory, use of technology platform, warehousing, creative services, and additional client support. Those program customers are geared towards longer-lasting relationships that helps secure recurring revenue well into the future.

Our sales decreased 4.1% for the three months ended June 30, 2024 compared to the three months ended June 30, 2023, and increased 6.4% for the six months ended June 30, 2024 compared to the six months ended June 30, 2023, which we believe was primarily due to higher spending from existing clients as well as business from new customers. We benefited from the acquisition of the assets of T R Miller Co., Inc., or T R Miller, in June 2023.

As of June 30, 2024, we had approximately \$46.6 million of total assets with approximately \$34.3 million of total stockholders' equity.

Restatement of Previously Issued Consolidated Financial Statements

This Quarterly Report on Form 10-Q includes financial statements that restate the Company's financial statements as of and for the three and six months ended June 30, 2023. This Item 2. "*Management's Discussion and Analysis of Financial Condition and Results of Operations*" includes restated financial information as of and for the three and six months ended June 30, 2023. Refer to Note B to the financial statements included in this Quarterly Report on Form 10-Q for a discussion of the restatement and the impact on the specific accounts in such financial statements.

Recent Developments

Lease Agreement

On January 10, 2025, the Company entered into a seven-year lease agreement for new office space in North Quincy, Massachusetts. The Company's existing lease agreement for its office space expires May 31, 2025. The new lease term begins on June 1, 2025 and expires on May 31, 2032 with an option to extend the lease an additional five years. The lease contains an initial base rent of approximately \$21 thousand per month with 2.2% - 2.5% annual escalations, plus a percentage of taxes and operating expenses incurred by the lessor in connection with the ownership and management of the property.

Termination of Revolving Line of Credit

Stran Loyalty Solutions, LLC, a Nevada limited liability company (“Stran Loyalty Solutions”), a wholly-owned subsidiary of the Company, entered into a factoring arrangement with a third party to provide accounts receivable financing to Stran Loyalty Solutions. In connection with the factoring arrangement, the Company provided a secured guarantee of Stran Loyalty Solutions’ obligations under the factoring arrangement. Prior to this arrangement, the Company had been a party to the Revolving Demand Line of Credit Loan Agreement, dated as of November 22, 2021 (the “Initial Loan Agreement”), between the Company and Salem Five Cents Savings Bank, a Massachusetts savings bank (“Salem Five Cents”), as amended by the Commercial Loan Modification Agreement, dated as of February 12, 2024, between the Company and Salem Five Cents (as amended, the “Loan Agreement”), and the Revolving Demand Line of Credit Note, dated November 22, 2021, by the Company in favor of Salem Five Cents (the “Demand Note”). The Loan Agreement and the Demand Note provided for a secured revolving loan facility in an aggregate principal amount of up to \$7.0 million (the “Revolving Line of Credit”). In discussions with Salem Five Cents prior to the establishment of the factoring arrangement, Salem Five Cents indicated that it would terminate the Revolving Line of Credit because of a policy which prohibited it from agreeing to subordination of its security interest in the Company’s assets.

Accordingly, on September 9, 2024, Salem Five Cents delivered a letter (the “Termination Letter”) to the Company that stated that, effective August 26, 2024 (the “Termination Date”), Salem Five Cents terminated all obligations under the Loan Agreement and the Demand Note. The Termination Letter further stated that the Loan Agreement and the Demand Note and certain related loan documents shall be considered no longer in force or effect. The Company had no funds drawn on the Revolving Line of Credit on the Termination Date.

Acquisition of Assets of Bangarang Enterprises, LLC

On August 23, 2024, Stran Loyalty Solutions entered into a Secured Party Sale Agreement, dated as of August 23, 2024 (the “Sale Agreement”), between Stran Loyalty Solutions and Sallyport Commercial Finance, LLC, a Delaware limited liability company (“Secured Party”), pursuant to which Stran Loyalty Solutions agreed to purchase, on an as-is basis, all of the rights and interests of Bangarang Enterprises, LLC, a California limited liability company (d/b/a Gander Group) (“Bangarang”), in and to substantially all of the assets of Bangarang (the “Gander Group Assets”) from Secured Party as a private sale pursuant to Article 9 of the Uniform Commercial Code (the “Gander Group Transaction”).

Under the Sale Agreement, the aggregate consideration for the Gander Group Assets consisted of (a) cash payments by Stran Loyalty Solutions to Secured Party of approximately \$1.1 million (the “Cash Purchase Price”), and (b) the assumption by Stran Loyalty Solutions of certain liabilities totaling approximately \$5.5 million (the “Gander Group Assumed Liabilities”), subject to adjustment, at and following the Gander Group Transaction Closing (as defined below), including the payment at the Gander Group Transaction Closing of \$150 thousand to Warson Capital Partners, LLC, an investment banking firm retained by Gander Group, for its fees and expenses with respect to the Gander Group Transaction, including the marketing for sale of the Gander Group Assets (the “Transaction Expense Payment”).

At the consummation of the transactions contemplated by the Sale Agreement (the “Gander Group Transaction Closing”), Stran Loyalty Solutions paid the Cash Purchase Price, including the payment of the Transaction Expense Payment, and assumed the Gander Group Assumed Liabilities. As a result of the Gander Group Transaction Closing, the Company indirectly acquired substantially all of the assets of Bangarang, including all of the equity of Gander Group Louisiana, LLC, a Louisiana limited liability company, which became a wholly-owned subsidiary of Stran Loyalty Solutions.

In addition, Stran Loyalty Solutions entered into a Release Agreement, dated as of August 23, 2024, between Bangarang and Stran Loyalty Solutions (the “Release Agreement”). Under the Release Agreement, Bangarang granted a full and complete waiver and release of Stran Loyalty Solutions and its affiliates of any non-competition, non-solicitation, or similar restrictive covenants of any parties owed to Bangarang or any of its affiliates.

The Sale Agreement and the Release Agreement included provisions for indemnification, reimbursement for returned items, handling of assets and liabilities during Bangarang’s wind-down, and certain other matters.

Emerging Growth Company and Smaller Reporting Company

We qualify as an “emerging growth company” under the Jumpstart Our Business Startups Act of 2012 (the “JOBS Act”). As a result, we are permitted to, and intend to, rely on exemptions from certain disclosure requirements. For so long as we are an emerging growth company, we will not be required to:

- have an auditor report on our internal control over financial reporting pursuant to Section 404(b) of the Sarbanes-Oxley Act of 2002 (the “Sarbanes-Oxley Act”);
- present three years, and may instead present only two years, of audited financial statements, with correspondingly reduced “Management’s Discussion and Analysis of Financial Condition and Results of Operations” disclosure in this report;
- comply with any requirement that may be adopted by the Public Company Accounting Oversight Board regarding mandatory audit firm rotation or a supplement to the auditor’s report providing additional information about the audit and the financial statements (i.e., an auditor discussion and analysis);
- comply with certain greenhouse gas emissions disclosure and related third-party assurance requirements;
- submit certain executive compensation matters to stockholder advisory votes, such as “say-on-pay” and “say-on-frequency;” and
- disclose certain executive compensation related items such as the correlation between executive compensation and performance and comparisons of the chief executive officer’s compensation to median employee compensation.

In addition, Section 107 of the JOBS Act also provides that an emerging growth company can take advantage of the extended transition period provided in Section 7(a)(2)(B) of the Securities Act of 1933, as amended (the “Securities Act”), for complying with new or revised accounting standards. In other words, an emerging growth company can delay the adoption of certain accounting standards until those standards would otherwise apply to private companies. We have elected to take advantage of the benefits of this extended transition period. Our financial statements may therefore not be comparable to those of companies that comply with such new or revised accounting standards.

We will remain an emerging growth company until the earliest of (i) the last day of the fiscal year following the fifth anniversary of our initial public offering, (ii) the last day of the first fiscal year in which our total annual gross revenues are \$1.07 billion or more, (iii) the date that we become a “large accelerated filer” as defined in Rule 12b-2 under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), which would occur if the market value of our common stock that is held by non-affiliates exceeds \$700.0 million as of the last business day of our most recently completed second fiscal quarter or (iv) the date on which we have issued more than \$1.0 billion in non-convertible debt during the preceding three year period.

To the extent that we continue to qualify as a “smaller reporting company,” as such term is defined in Rule 12b-2 under the Exchange Act, after we cease to qualify as an emerging growth company, certain of the exemptions and accommodations available to us as an emerging growth company may continue to be available to us as a smaller reporting company, including as to: (i) the auditor attestation requirements of Section 404(b) of the Sarbanes-Oxley Act; (ii) scaled executive compensation disclosures; (iii) presenting three years of audited financial statements; and (iv) compliance with certain greenhouse gas emissions disclosure and related third-party assurance requirements.

Principal Factors Affecting Our Financial Performance

Our operating results are primarily affected by the following factors:

- our ability to identify, acquire, and integrate businesses that complement our current offerings;
- our ability to acquire new customers or retain existing customers;
- our ability to offer competitive product pricing;
- our ability to broaden product offerings;
- industry demand and competition;

- our ability to leverage technology and use and develop efficient processes;
- our ability to attract and retain talented employees; and
- market conditions and our market position.

Results of Operations

Comparison of Three Months Ended June 30, 2024 and 2023

The following table sets forth key components of our results of operations during the three months ended June 30, 2024 and 2023 both in dollars and as a percentage of our revenues.

	Three Months Ended June 30,			
	2024		2023 (Restated)	
	Amount (in thousands)	% of Revenues	Amount (in thousands)	% of Revenues
SALES				
Sales	\$ 16,693	100.0%	\$ 17,285	99.3%
Sales – related parties	—	—%	130	0.7%
Total sales	16,693	100.0%	17,415	100.0%
COST OF SALES:				
Cost of sales	11,226	67.2%	12,067	69.3%
Cost of sales - related parties	—	—%	100	0.6%
Total cost of sales	11,226	67.2%	12,167	69.9%
GROSS PROFIT	5,467	32.8%	5,248	30.1%
OPERATING EXPENSES:				
General and administrative expenses	6,575	39.4%	6,245	35.9%

LOSS BEFORE INCOME TAXES	(1,022)	(6.1)%	(825)	(4.7)%
Provision for income taxes	3	—%	99	0.6%
NET LOSS	\$ (1,025)	(6.1)%	\$ (924)	(5.3)%

Sales

Sales consist primarily of the selling price of the merchandise, service or outbound shipping and handling charges, less discounts, coupons redeemed, returns and credits.

Our sales decreased 4.1% to approximately \$16.7 million for the three months ended June 30, 2024, from approximately \$17.3 million for the three months ended June 30, 2023. The decrease was primarily due to lower spending from new and existing clients, partially offset from the acquisition of the assets of T R Miller in June 2023.

Cost of Sales

Our total cost of sales decreased 7.7% to approximately \$11.2 million for the three months ended June 30, 2024, from approximately \$12.2 million for the three months ended June 30, 2023. As a percentage of sales, cost of sales decreased to 67.2% for the three months ended June 30, 2024 from 69.9% for the three months ended June 30, 2023. The decrease in the dollar amount of cost of sales was primarily due to improvement in purchasing from suppliers along with a decrease in sales of 4.1% from period to period.

Gross Profit

Gross profit consists of sales less total costs of sales. Our gross profit increased 4.2% to approximately \$5.5 million, or 32.8% of sales, for the three months ended June 30, 2024, from approximately \$5.2 million, or 30.1% of sales, for the three months ended June 30, 2023. The increase in the dollar amount of gross profit was due to a decrease in cost of sales of approximately \$0.9 million for the reasons described above, which was offset by a decrease in sales of approximately \$0.7 million in aggregate for the reasons described above. The increase in gross profit margin to 32.8% for the three months ended June 30, 2024 compared to 30.1% for the three months ended June 30, 2023 was primarily due to improvements in purchasing from suppliers.

Operating Expenses

Operating expenses consist of general and administrative expenses. Our operating expenses increased 5.3% to approximately \$6.6 million for the three months ended June 30, 2024, from approximately \$6.2 million for the three months ended June 30, 2023. As a percentage of sales, operating expenses increased to 39.4% for the three months ended June 30, 2024, from 35.9% for the three months ended June 30, 2023. The increase in the dollar amount of operating expenses was primarily due to an increase in aggregate expenses related to the organic growth in our business.

Other Income

Other income consists of other income, interest income, and realized gain on investments. Our other income was approximately \$1 thousand for the three months ended June 30, 2024, compared to approximately \$17 for the three months ended June 30, 2023. This change was primarily due to noncash accretion expense related to certain installment payment liabilities. Our interest income was approximately \$82 thousand for the three months ended June 30, 2024, compared to approximately \$146 thousand for the three months ended June 30, 2023. This change was primarily due to a decrease in interest generated from investments. Our realized gain on investments was approximately \$3 thousand for the three months ended June 30, 2024, compared to approximately \$9 thousand for the three months ended June 30, 2023. This change was primarily due to the recording of all investments at estimated fair value.

Income Tax Provision

Income tax provision reflects statutory tax rates in the jurisdictions in which we operate adjusted for permanent book/tax differences.

Income tax provision for the three months ended June 30, 2024 was approximately \$3 thousand compared to income tax provision of approximately \$0.1 million for the three months ended June 30, 2023. Income tax provision for the three months ended June 30, 2024 and 2023 accounted for 0.2% and 12.0%, respectively, of loss before income taxes of approximately \$1.0 million and approximately \$0.8 million, respectively. As of June 30, 2024 and 2023, the Company recorded an income tax provision comprised of state income taxes and a valuation allowance against its net deferred tax assets as well as a minimum state tax liability. The company recorded a valuation allowance since it generated a deficit over a three-year cumulative period.

Based on management's expectations of future earnings and recognition of a valuation allowance, we anticipate that our effective tax rate will remain similar to the rate recorded in 2023.

Net Loss

Our net loss for the three months ended June 30, 2024 was approximately \$1.0 million, compared to approximately \$0.9 million for the three months ended June 30, 2023. This change was primarily due to the increase in operating expenses for the reasons described above, partially offset by the increase in gross profit.

Comparison of Six Months Ended June 30, 2024 and 2023

The following table sets forth key components of our results of operations during the six months ended June 30, 2024 and 2023 both in dollars and as a percentage of our revenues.

	Six Months Ended June 30,			
	2024		2023 (Restated)	
	Amount (in thousands)	% of Revenues	Amount (in thousands)	% of Revenues
SALES				
Sales	\$ 35,474	99.9%	\$ 33,256	99.6%
Sales – related parties	46	0.1%	130	0.4%
Total sales	35,520	100.0%	33,386	100.0%
COST OF SALES:				
Cost of sales	24,405	68.7%	22,629	67.8%
Cost of sales - related parties	35	0.1%	100	0.3%
Total cost of sales	24,440	68.8%	22,729	68.1%
GROSS PROFIT	11,080	31.2%	10,657	31.9%
OPERATING EXPENSES:

Total operating expenses	12,857	36.2%	12,236	36.7%
LOSS FROM OPERATIONS	(1,777)	(5.0)%	(1,579)	(4.7)%
OTHER INCOME:				
Other income	16	—%	17	0.1%
Interest income	175	0.5%	284	0.9%
Realized gain on investments	73	0.2%	21	0.1%
Total other income	264	0.7%	322	1.0%
LOSS BEFORE INCOME TAXES	(1,513)	(4.3)%	(1,257)	(3.8)%
Provision for income taxes	3	—%	151	0.5%
NET LOSS	\$ (1,516)	(4.3)%	\$ (1,408)	(4.2)%

Sales

Sales consist primarily of the selling price of the merchandise, service or outbound shipping and handling charges, less discounts, coupons redeemed, returns and credits.

Our sales increased 6.4% to approximately \$35.5 million for the six months ended June 30, 2024, from approximately \$33.4 million for the six months ended June 30, 2023. The increase was primarily due to higher spending from existing clients as well as business from new customers.

Cost of Sales

Our total cost of sales increased 7.5% to approximately \$24.4 million for the six months ended June 30, 2024, from approximately \$22.7 million for the six months ended June 30, 2023. As a percentage of sales, cost of sales decreased to 68.8% for the six months ended June 30, 2024 from 68.1% for the six months ended June 30, 2023. The increase in the dollar amount of cost of sales was primarily due to an increase in sales of 6.4% from period to period.

Gross Profit

Gross profit consists of sales less total costs of sales. Our gross profit increased 4.0% to approximately \$11.1 million, or 31.2% of sales, for the six months ended June 30, 2024, from approximately \$10.7 million, or 31.9% of sales, for the six months ended June 30, 2023. The increase in the dollar amount of gross profit was due to an increase in sales of approximately \$2.1 million for the reasons described above, partially offset by an increase in cost of sales of approximately \$1.7 million in aggregate for the reasons described above. The decrease in gross profit margin to 31.2% for the six months ended June 30, 2024 compared to 31.9% for the six months ended June 30, 2023 was primarily due to increases in product costs from vendors during the three months ended March 31, 2024, partially offset by improvements in purchasing from vendors in the three months ended June 30, 2024.

Operating Expenses

Operating expenses consist of general and administrative expenses. Our operating expenses increased 5.1% to approximately \$12.9 million for the six months ended June 30, 2024, from approximately \$12.2 million for the six months ended June 30, 2023. As a percentage of sales, operating expenses decreased to 36.2% for the six months ended June 30, 2024, from 36.7% for the six months ended June 30, 2023. The increase in the dollar amount of operating expenses was primarily due to an increase in aggregate expenses related to the organic growth in our business.

Other Income

Other income consists of other income, interest income, and realized gain on investments. Our other income was approximately \$16 thousand for the six months ended June 30, 2024, compared to approximately \$17 for the six months ended June 30, 2023. This change was primarily due to noncash accretion expense related to the installment payment liabilities. Our interest income was approximately \$175 thousand for the six months ended June 30, 2024, compared to approximately \$284 thousand for the six months ended June 30, 2023. This change was primarily due to a decrease in interest generated from investments. Our realized gain on investments was approximately \$73 thousand for the six months ended June 30, 2024, compared to approximately \$21 thousand for the six months ended June 30, 2023. This change was primarily due to the recording of all investments at estimated fair value.

Income Tax Provision

Income tax provision reflects statutory tax rates in the jurisdictions in which we operate adjusted for permanent book/tax differences.

Income tax provision for the six months ended June 30, 2024 was approximately \$3 thousand compared to income tax provision of approximately \$0.2 million for the six months ended June 30, 2023. Income tax provision for the six months ended June 2024 and 2023 accounted for 0.2% and 12.0%, respectively, of loss before income taxes of approximately \$1.5 million and approximately \$1.3 million, respectively. As of June 30, 2024 and 2023, the Company recorded an income tax provision comprised of state income taxes and a valuation allowance against its net deferred tax assets as well as a minimum state tax liability. The company recorded a valuation allowance since its generated a deficit over a three-year cumulative period.

Based on management's expectations of future earnings and recognition of a valuation allowance, we anticipate that our effective tax rate will remain similar to the rate recorded in 2023.

Net Loss

Our net loss for the six months ended June 30, 2024 was approximately \$1.5 million, compared to approximately \$1.4 million for the six months ended June 30, 2023. This change was primarily due to an increase in costs of sales and general and administrative expenses, as described above, partially offset by the increase in sales, as described above.

Liquidity and Capital Resources

As of June 30, 2024, we had cash and cash equivalents of approximately \$11.9 million and investments of approximately \$9.6 million. We have financed our operations primarily through cash generated from our initial public offering of common stock and warrants to purchase common stock in November 2021, our private placement of common stock and warrants to purchase common stock in December 2021, and operations.

We believe that our current levels of cash will be sufficient to meet our anticipated cash needs for our operations and cash payment obligations for both the 12 months ended June 30, 2025 and in the long-term beyond this period, including our anticipated costs associated with being a public reporting company. We may, however, in the future require additional cash resources due to changing business conditions, implementation of our strategy to expand our business, or other investments or acquisitions we may decide to pursue. If our own financial resources are insufficient to satisfy our capital requirements, we may seek to sell additional equity or debt securities or obtain additional credit facilities. The sale of additional equity securities could result in dilution to our stockholders. The incurrence of indebtedness would result in increased debt service obligations and could require us to agree to operating and financial covenants that would restrict our operations. Financing may not be available in amounts or on terms acceptable to us, if at all. Any failure by us to raise additional funds on terms favorable to us, or at all, could limit our ability to expand our business operations and could harm our overall business prospects.

Summary of Cash Flow

The following table provides detailed information about our net cash flows for the six months ended June 30, 2024 and 2023:

	Six Months Ended June 30,	
	2024	2023
	(in thousands)	(Restated) (in thousands)
Net cash provided by operating activities	\$ 4,167	\$ 3,739
Net cash provided by (used in) investing activities	408	(3,057)
Net cash used in financing activities	(760)	(599)
Net increase in cash	3,815	83
Cash and cash equivalents - beginning	8,059	15,254
Cash and cash equivalents - ending	\$ 11,874	\$ 15,337

Net cash provided by operating activities was approximately \$4.2 million for the six months ended June 30, 2024, as compared to net cash provided by operating activities of approximately \$3.7 million for the six months ended June 30, 2023. The increase in net cash provided by operating activities was primarily due to a decrease in accounts receivable.

Net cash provided by investing activities was approximately \$0.4 million for the six months ended June 30, 2024, as compared to net cash used by investing activities of approximately \$3.1 million for the six months ended June 30, 2023. The change was primarily due to increased proceeds from the sale of investments, partially offset by increased purchases of investments.

Net cash used in financing activities was approximately \$0.8 million for the six months ended June 30, 2024, as compared to approximately \$0.6 million for the six months ended June 30, 2023. The increase in net cash used in financing activities was primarily due to reduced payments of contingent earn-out liabilities and increased payments of installment payment liabilities.

Stock Repurchase Program

As initially announced on February 23, 2022, under our stock repurchase program, we may repurchase up to \$10.0 million of our outstanding shares of common stock from time to time in the open market, in accordance with all applicable securities laws and regulations, including Rule 10b-18 as promulgated under the Exchange Act (“Rule 10b-18”). Our decision to repurchase our shares, as well as the timing of such repurchases, will depend on a variety of factors that include ongoing assessments of our capital needs, market conditions and the price of our common stock, and other corporate considerations, as determined by management. Repurchases will also only be made in accordance with the Company’s insider trading policy as if such purchases were made by a person covered by the policy. Our insider trading policy generally permits insider purchases of our stock only during the period beginning on the second business day following the day of public release of our quarterly or annual earnings and ending on the last day of the then-current quarter. There is no defined number of shares to be repurchased over a specified timeframe through the life of the stock repurchase program. The repurchase authorization has no expiration date but may be suspended or discontinued at any time. Stock repurchases are paid using cash generated by operations.

In connection with our stock repurchase program, on May 23, 2022, we announced that we had established a trading plan with B. Riley intended to qualify under Rule 10b-18. In May 2023, we renewed the trading plan. The trading plan instructs B. Riley to repurchase shares of common stock for our account in accordance with Rule 10b-18 and our instructions. Repurchases under the trading plan may continue until the trading plan terminates in June 2024 unless terminated earlier or extended.

As of June 30, 2024, we had repurchased a total of 1,815,166 shares of common stock for total payments of approximately \$3.4 million, and approximately \$6.6 million remained available under the stock repurchase program for future stock repurchases. During the six months ended June 30, 2024, we did not repurchase any shares.

Debt

On November 22, 2021, we entered into the Initial Loan Agreement with Salem Five Cents, for the Revolving Line of Credit, consisting of aggregate loans of up to \$7.0 million, evidenced by the Demand Note. The Revolving Line of Credit and the Demand Note were secured by a first priority security interest in all assets and property of the Company, as provided in the Security Agreement, dated November 22, 2021, between Salem Five Cents and the Company (the “Security Agreement” and together with the Initial Loan Agreement and the Demand Note, the “Loan Documents”), and as described below. Under a Commercial Loan Modification Agreement, dated as of February 12, 2024, between Salem Five Cents and the Company (the “Loan Modification Agreement”), certain terms of the Initial Loan Agreement were modified as of February 12, 2024, as described below.

The amount available under the Revolving Line of Credit was the lesser of \$7.0 million or the sum of (x) eighty percent (80.0%) of the then-outstanding amount of Eligible Accounts (as defined below), plus (y) fifty percent (50.0%) of Eligible Inventory (as defined below); minus one hundred (100.0%) percent of the aggregate amount then drawn under the Revolving Line of Credit for the account of the Company. In addition, advances based upon Eligible Inventory were required to be capped at all times at \$2.0 million. “Eligible Accounts” was defined as accounts that meet a number of requirements, including, unless otherwise approved by Salem Five Cents, being less than 90 days from the date of invoice not subject to any prior assignment, claim, lien, or security interest, not subject to set-off, credit, allowance or adjustment by the account debtor, arose in the ordinary course of the Company’s business, not an intercompany obligation, not subject to notice of bankruptcy or insolvency of the account debtor, not owed by an account debtor whose principal place of business was outside the United States, not a government account, not be evidenced by promissory notes, and not one of the accounts owed by an account debtor 25% or more of whose accounts were 90 or more days past invoice date; or otherwise not deemed acceptable by Salem Five Cents in accordance with its normal credit policies. “Eligible Inventory” was defined as all finished goods, work in progress and raw materials and component parts of inventory owned by the Company. Eligible Inventory did not include any inventory held on consignment or not otherwise owned by the Company; any inventory which had been returned by a customer or was damaged or subject to any legal encumbrances other than a first priority security interest held by the Company; any inventory which was not in the possession of the Company; any inventory which was held by the Company on property leased by the Company unless Salem Five Cents had received a Landlord’s Waiver and Consent from the lessor of such property satisfactory to Salem Five Cents; any inventory which was not located within the United States; any inventory which Salem Five Cents reasonably deemed to be obsolete or non-marketable; and any inventory not subject to a first priority fully perfected lien held by Salem Five Cents.

The Revolving Line of Credit was subject to interest at the prime rate plus 0.5% per annum. The Company was required to repay interest on the Revolving Line of Credit proceeds on a monthly basis. The Revolving Line of Credit continued indefinitely, subject to Salem Five Cents' demand rights and the Company's ongoing affirmative and other obligations under the Loan Documents, as summarized below.

The Company could freely draw upon the Revolving Line of Credit subject to Salem Five Cents' right to demand complete repayment of the Revolving Line of Credit at any time. Late payments were subject to a late payment charge of 5.0%. In the event of failure to repay the loan after Salem Five Cents made demand for full repayment, the interest rate would increase by 10.0%. The Demand Note could be prepaid at any time without penalty. Salem Five Cents could assign the Demand Note without the Company's consent.

Under the Security Agreement and the other Loan Documents, the Company granted Salem Five Cents a first priority security interest in all of its assets, including both assets owned as of the date of the Revolving Line of Credit and afterwards, as collateral for full repayment of the Revolving Line of Credit. Salem Five Cents had the right to file Uniform Commercial Code financing statements with any jurisdiction and with sufficient descriptions of the property to perfect its security interest in all of the Company's current and future assets. Upon default of the Revolving Line of Credit, Salem Five Cents could accelerate repayment of the Revolving Line of Credit, take possession of the Company's assets, assign a receiver over the Company's assets, and enforce other rights as to the Company's assets as secured creditor. The Company was required to pay for all of Salem Five Cents's reasonable legal fees and expenses incurred to enforce its rights under the Loan Documents.

Under the Initial Loan Agreement, the Company was required to continue its current business of outsourced marketing solutions, and, without the prior consent of Salem Five Cents, the Company could not acquire in whole or in part any other company or business or engage in any other business or open any other locations. The Company was required to use the proceeds of the Revolving Line of Credit only in connection with the general and ordinary operations of its business and for the following purpose: general working capital for accounts receivable and inventory purchases.

The Revolving Line of Credit was also subject to ongoing affirmative obligations of the Company, including: Making punctual repayment of the Revolving Line of Credit amount; maintaining proper accounting books and records in accordance with the opinion of LMHS, P.C. or another Certified Public Accountant acceptable to Salem Five Cents; allowing Salem Five Cents to inspect its accounting books and records; furnishing audited, quarterly, monthly and other financial statements to Salem Five Cents; prior to the date of the Loan Modification Agreement, making payment of Salem Five Cents' reasonable expenses for a field exam in 2022; and following the date of the Loan Modification Agreement, making payment of Lender's reasonable expenses for a field exam in 2024; allowing Salem Five Cents to communicate with its accountants; maintaining its properties in good repair subject to ordinary wear and tear; obtaining replacement-cost insurance for its property with Salem Five Cents as Mortgagee/Loss Payee; causing management contracts for the Company's properties to be subordinated to the rights of Salem Five Cents; and allowing no change of property management company without the prior written consent of Salem Five Cents.

Prior to the date of the Loan Modification Agreement, the Revolving Line of Credit was further subject to the following financial requirements: (a) Debt Service Coverage Ratio: Cash flow to be calculated on an annual basis of at least 1.20 times EBITDA less cash taxes, distributions, dividends, shareholder withdrawals in any form, and unfinanced CAPEX divided by all scheduled principal payments on all debt plus cash interest payments made on all debt; and (b) Minimum Net Worth thresholds: The Company was required to meet the following minimum net worth thresholds: \$2,000,000 at December 31, 2021, \$2,750,000 at December 31, 2022, and \$3,500,000 at December 31, 2023.

Following the date of the Loan Modification Agreement, the Revolving Line of Credit was no longer subject to the Company's compliance with the Debt Service Coverage Ratio and the Minimum Net Worth terms described above. Instead, the Company was required to meet the following financial requirements:

- The Company was required to maintain a "Minimum Interest Coverage" of 1.25:1, tested for fiscal year ending December 31, 2024 only, and defined as follows: EBITDA (as defined below), divided by cash interest payments made on all debt. "EBITDA" was defined as the trailing year's total of net income before total interest expense, tax expense, and depreciation and amortization expense. EBITDA was required to be adjusted for extraordinary and/or non-cash items as defined in accordance with generally accepted accounting principles in the United States ("GAAP").

- The Company was required to maintain a “Minimum Debt Service Coverage Ratio” of 1.20:1, tested annually beginning with the fiscal year ending December 31, 2025, defined as follows: EBITDA, less cash taxes, distributions, dividends, stockholder withdrawals in any form, and unfinanced capital expenditures (as defined below), divided by all scheduled principal payments on all debt, plus cash interest payments made on all debt, plus cash payments made on contingent earn-out liabilities. “Unfinanced capital expenditures” was defined as the current fiscal-year-end net fixed assets, plus current fiscal-year-end depreciation, less prior fiscal-year-end net fixed assets, less the long-term debt increase.
- The Company’s “Ratio of Debt to Tangible Net Worth” was required not to exceed 1.50:1, tested at financial year-end, defined as total liabilities divided by “tangible net worth,” defined as total assets, less total liabilities, less intangible assets and amounts due from stockholder/related parties.
- The Company was required to maintain a “Minimum Liquidity” of \$7.5 million at all times, defined as cash and short-term investments, less rewards program liabilities.

The Company also could not incur any additional indebtedness, secured or unsecured, except in the ordinary course of business; make loans or advances to others or guarantee others’ obligations except for certain ordinary advances to employees or ordinary customer credit terms; make investments; acquire any business; make capital expenditures except in the ordinary course of business; sell any material assets except in the ordinary course of business; or grant any security interests or mortgages in its properties or assets. After the date of the Loan Modification Agreement, any future contingent earn-out obligations were required to be subordinated to the Loan Documents.

In connection with the Initial Loan Agreement, on November 22, 2021, the Company, Salem Five Cents and Harte Hanks Response Management/ Boston, Inc. (the “Warehouse Provider”), the lessor of certain warehouse facilities to the Company, executed a Warehouseman’s Waiver in favor of Salem Five Cents (the “Warehouseman’s Waiver”). Under the Warehouseman’s Waiver, the Warehouse Provider disclaimed any interest in the property of the Company stored on the premises (the “Collateral”), and agreed not to interfere with Salem Five Cents’ enforcement of its rights in the Collateral. The Warehouse Provider further agreed to provide notice to Salem Five Cents of any default by the Company of its obligations as to the Warehouse Provider, and to give Salem Five Cents at least 30 days to exercise its rights, which period could be extended by Salem Five Cents up to 60 days upon its payment of the per-diem rental amount. After that period, unless the default had been cured by Salem Five Cents, the Warehouse Provider could dispose of such Collateral as it deemed fit. Upon the receipt of written notice from Salem Five Cents and until such notice was rescinded, the Warehouse Provider was required to honor only instructions from Salem Five Cents with respect to the Collateral, including, any direction from Salem Five Cents to dispose of all or any portion of the Collateral at any time, without any further consent or instruction from Company.

As of June 30, 2024 and December 31, 2023, we had not drawn any funds from the Revolving Line of Credit.

See “—Recent Developments – Termination of Revolving Line of Credit”.

Contractual Obligations

Property Leases

The following is a schedule by years of future minimum lease payments (in thousands):

Remainder of 2024	\$	287
2025		361
2026		189
2027		185
2028		65
Total future non-cancelable minimum lease payments	\$	<u>1,087</u>

Lease costs for the three months ended June 30, 2024 and 2023 totaled approximately \$0.2 million and \$0.1 million, respectively. Lease costs for the six months ended June 30, 2024 and 2023 totaled approximately \$0.3 million and \$0.3 million, respectively. We anticipate no deficiencies in our ability to make these payments.

Other Cash Obligations

The Company manages reward card programs for clients. Under these programs, the Company receives cash and simultaneously records a liability for the total amount received. These accounts are adjusted on a periodic basis as reward cards are funded or reduced at the direction of the customers. As of June 30, 2024 and December 31, 2023, the Company had net deposits totaling approximately \$3.4 million and \$0.9 million, respectively.

Our other principal cash payment obligations have consisted principally of obligations under the Revolving Line of Credit. As stated above, as of June 30, 2024 and December 31, 2023, we had not drawn any funds from the Revolving Line of Credit under the Loan Documents.

Critical Accounting Estimates

We prepare our financial statements in accordance with U.S. GAAP. The preparation of financial statements requires us to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenue, costs and expenses, and related disclosures. We evaluate our estimates and assumptions on an ongoing basis. We base our estimates on historical experience and on various other assumptions that we believe to be reasonable under the circumstances. Actual results could differ significantly from the estimates made by our management. To the extent that there are differences between our estimates and actual results, our future financial statements presentation, financial condition, results of operations, and cash flows will be affected.

We believe that the assumptions and estimates associated with the valuation of goodwill and intangible assets, and contingent earn-out liabilities have the greatest potential impact on our financial statements. Therefore, we consider these to be our critical accounting policies and estimates. For further information on all of our significant accounting policies, see the notes to our financial statements beginning on page 1 of this Quarterly Report on Form 10-Q.

Valuation of Goodwill and Intangible Assets

We perform an annual impairment review of our goodwill during the fourth fiscal quarter of each year, and more frequently if we believe indicators of impairment exist. The process of evaluating the potential impairment of goodwill is highly subjective and requires significant judgment. To review for impairment, we first assess qualitative factors to determine whether events or circumstances lead to a determination that it is more likely than not that the fair value of our reporting unit is less than its carrying amount. Our qualitative assessment of the recoverability of goodwill, whether performed annually or based on specific events or circumstances, considers various macroeconomic, industry-specific and company-specific factors. These factors include: (i) severe adverse industry or economic trends; (ii) significant company specific actions; (iii) current, historical or projected deterioration of our financial performance; or (iv) a sustained decrease in our market capitalization below our net book value. After assessing the totality of events and circumstances, if we determine that it is more likely than not that the fair value of our reporting unit is greater than its carrying amount, no further assessment is performed. If we determine that it is more likely than not that the fair value of our reporting unit is less than its carrying amount, we calculate the fair value of that reporting unit and compare the fair value to the reporting unit's net book value.

Determining the fair value of a reporting unit involves the use of significant estimates and assumptions. Our goodwill impairment test uses both the income approach and the market approach to estimate a reporting unit's fair value. The income approach is based on the discounted cash flow method that uses the reporting unit estimates for forecasted future financial performance, including revenues, operating expenses, and taxes, as well as working capital and capital asset requirements. These estimates are developed as part of our long-term planning process based on assumed market segment growth rates and our assumed market segment share, estimated costs based on historical data and various internal estimates. Projected cash flows are then discounted to a present value employing a discount rate that properly accounts for the estimated market weighted-average cost of capital, as well as any risk unique to the subject cash flows. The market approach is based on weighting the financial multiples of comparable companies and applying a control premium. A reporting unit's carrying value represents the assignment of various assets and liabilities, excluding certain corporate assets and liabilities, such as cash and debt.

We assess the impairment of long-lived assets, including purchased property and equipment, right-of-use assets, and intangible assets, whenever events or changes in circumstances indicate that the carrying value of such assets may not be recoverable. Factors we consider important which could trigger an impairment review include: (i) significant under performance relative to historical or projected future operating results, (ii) significant changes in the manner of our use of the acquired assets or the strategy for our overall business, or (iii) significant negative industry or economic trends. The process of evaluating the potential impairment of long-lived assets under the accounting guidance on property and equipment and intangible assets is also highly subjective and requires significant judgment. In order to estimate the fair value of long-lived assets, we typically make various assumptions about the future prospects of our business or the part of our business to which the long-lived assets relate. We also consider market factors specific to the business and estimate future cash flows to be generated by the business, which requires significant judgment as it is based on assumptions about market demand for our products over a number of future years. Based on these assumptions and estimates, we determine whether we need to take an impairment charge to reduce the value of the long-lived assets stated on our consolidated balance sheets to reflect their estimated fair value. Assumptions and estimates about future values and remaining useful lives are complex and often subjective. They can be affected by a variety of factors, including external factors, such as the real estate market, industry and economic trends, and internal factors, such as changes in our business strategy and our internal forecasts. Although we believe the assumptions and estimates we have made in the past have been reasonable and appropriate, changes in assumptions and estimates could materially impact our reported financial results.

Contingent Earn-Out Liabilities

We measure our contingent earn-out liabilities at fair value on a recurring basis using significant unobservable inputs classified within Level 3 of the fair value hierarchy. The Black-Scholes-Merton Call Option Formula was utilized to determine the fair value of the earn-out liability. The significant unobservable inputs used in the fair value measurements are (i) the operating income projections (projected gross profit amounts within the risk-neutral framework) over the earn-out period (generally three or five years), (ii) the strike price, and (iii) volatility. Significant increases or decreases to any of these inputs in isolation would result in a significantly higher or lower liability, with a higher liability capped by the contractual maximum of the contingent earn-out obligations. Ultimately, the liability will be equivalent to the amount paid, and the difference between the fair value estimate and amount paid will be recorded in earnings. The amount paid that is less than or equal to the contingent earn-out liability on the acquisition date is reflected as cash used in financing activities in the consolidated statements of cash flows. Any amount paid in excess of the contingent earn-out liability on the acquisition date is reflected as cash used in operating activities in the consolidated statements of cash flows.

Recent Accounting Pronouncements

For a discussion of recently adopted accounting pronouncements, see *Recently Issued Accounting Pronouncements* in Note A.16 to our financial statements beginning on page 1 of this Quarterly Report on Form 10-Q.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK.

Not applicable.

ITEM 4. CONTROLS AND PROCEDURES.

Evaluation of Disclosure Controls and Procedures

Our management, with the participation of our Chief Executive Officer and Chief Financial Officer, evaluated our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act) prior to the filing of this Quarterly Report on Form 10-Q. Based on that evaluation, our Chief Executive Officer and Chief Financial Officer concluded that, as of the end of the period covered by this Quarterly Report on Form 10-Q, our disclosure controls and procedures were not effective due to the following material weaknesses in our internal control over financial reporting:

- There was a material weakness in our internal controls related to the proper design and implementation of control over formal review, approval, and evaluation of complex accounting transactions associated with business combinations.
- We identified a material weakness in internal control related to the proper design and implementation of certain controls over management's formal review process that includes multiple levels of review as well as timely review of accounts and reconciliations leading to material adjustments.
- We identified a material weakness in internal control related to the proper design and implementation of certain controls over income tax provision and management's review of the income tax provision.
- We did not design and maintain effective controls over financial reporting for accounts receivable and unearned revenue, freight charges, and inventory and cost of sales accounts.
- We did not design and maintain effective controls over financial reporting related to the proper presentation and disclosure for related party transactions.
- We did not effectively select and develop certain information technology general controls related to access and change management controls that led to deficiencies in the design and operation of control activities.

Changes in Internal Control Over Financial Reporting

Following the identification and communication of the material weaknesses described above, management continued to implement the following remediation actions relating to these material weaknesses during the three months ended June 30, 2024, as follows:

- We continued to utilize the services of external consultants for non-routine and/or technical accounting issues as they arise.
- We continued to expand and improve our review process for complex accounting transactions by enhancing access to accounting literature, engaging third-party professionals with whom to consult regarding complex accounting applications, and hiring additional staff with the requisite experience and training to supplement existing accounting professionals.
- Management, with the assistance of a third party, continued to perform an evaluation of the processes and procedures around our processes, internal control design gaps, and recommend process enhancements.
- We continued to implement enhancements and process improvements, including the design and implementation of reporting systems through preparation for the January 2025 launch of our new NetSuite enterprise resource planning system.

The material weaknesses identified above will not be considered fully remediated until these additional controls and procedures have operated effectively for a sufficient period of time and management has concluded, through testing, that these controls are effective. Our management will monitor the effectiveness of our remediation plans and will make changes management determines to be appropriate.

There were no changes in our internal control over financial reporting during the three months ended June 30, 2024 that materially affected, or are reasonably likely to materially affect, our internal control over financial reporting, except as described above.

Inherent Limitation on the Effectiveness of Internal Control

The effectiveness of any system of internal control over financial reporting, including ours, is subject to inherent limitations, including the exercise of judgment in designing, implementing, operating, and evaluating the controls and procedures, and the inability to eliminate misconduct completely. Accordingly, any system of internal control over financial reporting, including ours, no matter how well designed and operated, can only provide reasonable, not absolute assurances. In addition, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with our policies or procedures may deteriorate. We intend to continue to monitor and upgrade our internal controls as necessary or appropriate for our business but cannot assure that such improvements will be sufficient to provide us with effective internal control over financial reporting.

PART II
OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS.

From time to time, we may become involved in various lawsuits and legal proceedings which arise in the ordinary course of business. However, litigation is subject to inherent uncertainties, and an adverse result in any such matters may arise from time to time that may harm our business. We are not currently aware of any such legal proceedings or claims that we believe will have a material adverse effect on our business, financial condition or operating results.

ITEM 1A. RISK FACTORS.

Not applicable.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS.

Unregistered Sales of Equity Securities

During the three months ended June 30, 2024, we did not sell any equity securities that were not registered under the Securities Act and that were not previously disclosed under Item 3.02 in a Current Report on Form 8-K.

Purchases of Equity Securities

No repurchases of our common stock were made during the three months ended June 30, 2024. For a description of the Company's stock repurchase program, see "Part I. Financial Information – Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations. – Liquidity and Capital Resources – Stock Repurchase Program".

ITEM 3. DEFAULTS UPON SENIOR SECURITIES.

None.

ITEM 4. MINE SAFETY DISCLOSURES.

Not applicable.

ITEM 5. OTHER INFORMATION.

We have no information to disclose that was required to be disclosed in a Current Report on Form 8-K during the three months ended June 30, 2024 but was not reported. There have been no material changes to the procedures by which security holders may recommend nominees to our board of directors where those changes were implemented after the Company last provided disclosure of such procedures.

ITEM 6. EXHIBITS.

Exhibit No.	Description
3.1	Articles of Incorporation of Stran & Company, Inc. (incorporated by reference to Exhibit 3.1 to the Registration Statement on Form S-1 filed on October 7, 2021)
3.2	Amended and Restated Bylaws of Stran & Company, Inc. (incorporated by reference to Exhibit 3.2 to the Amendment No.1 to Registration Statement on Form S-1 filed on October 22, 2021)
31.1*	Certifications of Principal Executive Officer filed pursuant to Section 302 of the Sarbanes-Oxley Act of 2002
31.2*	Certifications of Principal Financial and Accounting Officer filed pursuant to Section 302 of the Sarbanes-Oxley Act of 2002
32.1**	Certifications of Principal Executive Officer furnished pursuant to Section 906 of the Sarbanes-Oxley Act of 2002

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned thereunto duly authorized.

Date: February 10, 2025

STRAN & COMPANY, INC.

/s/ Andrew Shape

Name: Andrew Shape

Title: Chief Executive Officer and President
(Principal Executive Officer)

/s/ David Browner

Name: David Browner

Title: Chief Financial Officer
(Principal Accounting and Financial Officer)

CERTIFICATIONS

I, Andrew Shape, certify that:

1. I have reviewed this Quarterly Report on Form 10-Q of Stran & Company, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
