Explanatory Note

On August 26, 2024, Stran & Company, Inc., a Nevada corporation (the "Company"), filed a Current Report on Form 8-K (the "Original Report") with the Securities and Exchange Commission (the "SEC") reporting the completion of the previously announced Bangarang Transaction (as defined below). In the Original Report, the Company indicated that it would amend the Original Report at a later date to include any financial statements and any proforma financial information required by Item 9.01 of Form 8-K.

On November 5, 2024, the Company filed a Current Report on Form 8-K/A (Amendment No. 1) (the "First Amended Report") with the SEC, which amended the Original Report to include the financial statements required under Item 9.01(a) of Form 8-K, which were filed as Exhibit 99.1 and Exhibit 99.2 to the First Amended Report. The First Amended Report stated that the Company would file an additional Current Report on Form 8-K/A to further amend the Original Report to include the pro forma financial information required by Item 9.01(b) of Form 8-K as soon as practicable.

This Current Report on Form 8-K/A (Amendment No. 2) is being filed to amend the Original Report, as amended by the First Amended Report, to provide the pro forma financial information required by Item 9.01(b) of Form 8-K. The pro forma financial information included in this Form 8-K/A has been presented for informational purposes only, as required by Form 8-K. It does not purport to represent the actual results of operations that the Company and Bangarang (as defined below) would have achieved had the companies been combined during the periods presented in the pro forma financial information and is not intended to project the future results of operations that the combined company may achieve after the transactions.

The disclosure contained in Item 2.01 of the Original Report is repeated below for convenience. No other changes have been made to the Original Report, as amended by the First Amended Report.

Item 2.01 Completion of Acquisition or Disposition of Assets.

On August 23, 2024, Stran Loyalty Solutions, LLC, a Nevada limited liability company (the "Purchaser"), a wholly-owned subsidiary of the Company, entered into a Secured Party Sale Agreement, dated as of August 23, 2024 (the "Sale Agreement"), with Sallyport Commercial Finance, LLC, a Delaware limited liability company ("Secured Party"), pursuant to which the Purchaser agreed to purchase, on an as-is basis, all of the rights and interests of Bangarang Enterprises, LLC, a California limited liability company (d/b/a Gander Group) ("Bangarang"), in and to substantially all of the assets of Bangarang (the "Bangarang Assets") from Secured Party as a private sale pursuant to Article 9 of the Uniform Commercial Code (the "Bangarang Transaction").

Under the Sale Agreement, the aggregate consideration for the Bangarang Assets consisted of (a) cash payments by the Purchaser to Secured Party of \$1,098,800 (the "Cash Purchase Price"), and (b) the assumption by the Purchaser of certain liabilities totaling approximately \$5.5 million (the "Assumed Liabilities"), subject to adjustments, as described below, at and following the Closing (as defined below), including the payment at the Closing of \$150,000 to Warson Capital Partners, LLC, an investment banking firm retained by Bangarang, for its fees and expenses with respect to the Bangarang Transaction, including the marketing for sale of the Bangarang Assets (the "Transaction Expense Payment").

At the consummation of the transactions contemplated by the Sale Agreement (the "Closing"), the Purchaser paid the Cash Purchase Price and assumed the Assumed Liabilities, including the payment of the Transaction Expense Payment. As a result of the Closing, the Company indirectly acquired substantially all of the assets of Bangarang, including all of the equity of Gander Group Louisiana, LLC, a Louisiana limited liability company ("GGLA"), which will be a wholly-owned subsidiary of the Purchaser.

The Sale Agreement contains an avoidance claim provision acknowledging that, prior to the Closing, Secured Party will have given Bangarang credit for Secured Party's receipt of payment instruments that, on or after the date of the Closing (the "Closing Date"), (i) may not clear or may be rescinded by the bank for insufficient funds, stop payment, or the like (a "Returned Item"), or (ii) may be sought to be recovered from Secured Party on the assertion that such payment is avoidable under the Bankruptcy Code or under state law as a preference, fraudulent transfer, or otherwise ("Avoidance Claim"), and that, but for the transactions contemplated by the Sale Agreement, Secured Party would have been able to look to the accounts factored by Secured Party under the Factor Purchase Agreement (as defined by the Sale Agreement) for reimbursement or recovery of losses attendant to such Returned Items or Avoidance Claims. In light of the foregoing, Secured Party and the Purchaser agreed as follows: (a) In the event any of the payments, received by Secured Party and credited to Bangarang's indebtedness as of the Closing Date, become a Returned Item on or after the Closing Date, Secured Party will notify the Purchaser, and the Purchaser will promptly remit funds to reimburse Secured Party for the Returned Item; and (b) in the event any of the payments received by Secured Party and/or credited to Bangarang's indebtedness as of the Closing Date are recoverable as a result of an account debtor bankruptcy that occurs within ninety (90) days of any such payment having been made, the Purchaser will pay to Secured Party, on demand in writing, the amount of such Avoidance Claim. Additionally, the Purchaser shall indemnify and hold Secured Party harmless from and against any out-of-pocket loss, liability, claim, damage or expense, including reasonable attorneys' fees incurred (including those incurred at all trial and appellate levels) arising out of or relating to any Avoidance Claim. The Sale Agreement also provides that, commencing after the Closing Date, all sums standing to the credit of Bangarang with Secured Party as of the Closing Date, including any unpaid purchase price with respect to all outstanding factored accounts, will be paid over by Secured Party as and when payable under the terms of the Factor Purchase Agreement, subject to Secured Party's rights under the Factor Purchase Agreement; and all proceeds of accounts that Secured Party charged back to Bangarang under the terms of the Factor Purchase Agreement during the ninety (90) day period prior to the Closing Date will likewise be applied to the obligations of the Purchaser under the Sale Agreement.

In addition, on August 23, 2024, Bangarang and the Purchaser entered into a Release Agreement, dated as of August 23, 2024 (the "Release Agreement"). Under the Release Agreement, Bangarang granted a full and complete waiver and release of the Purchaser and its affiliates of any non-competition, non-solicitation, or similar restrictive covenants of any parties owed to Bangarang or any of its affiliates. The Release Agreement also provides that Bangarang will promptly remit the Bangarang Assets and any security deposits, checks, cash, payments, mail or other communications relating to the Bangarang Assets or the Assumed Liabilities that are received by Bangarang after the Closing Date. Bangarang will also be required to take certain steps following the Closing Date to facilitate the orderly wind-down of Bangarang, including retaining a chief wind-down officer. In addition, pursuant to the Release Agreement, on the Closing Date, and in addition to the payment of the Cash Purchase Price to Secured Party and the assumption of the Assumed Liabilities under the Sale Agreement, the Purchaser tendered to Bangarang \$370,000, which was required to be paid via wire transfer to Bangarang in an account controlled exclusively by the chief wind-down officer.

The foregoing description of the Sale Agreement and the Release Agreement does not purport to be complete and is qualified in its entirety by reference to the full text of the Sale Agreement and the Release Agreement, redacted copies of which are filed as Exhibit 2.1 and Exhibit 2.2 to this Current Report, respectively. The foregoing description has been included to provide investors and security holders with information regarding the terms of the Sale Agreement and the Release Agreement and is qualified in its entirety by the terms and conditions of the Sale Agreement and the Release Agreement, respectively. It is not intended to provide any other factual information about the Company, the Purchaser, Bangarang, Secured Party, or their respective subsidiaries and affiliates. UNAUDITED PRO FORMA COMBINED FINANCIAL INFORMATION

The following unaudited pro forma combined financial information has been prepared in accordance with Article 11 of Regulation S-X under the Securities Act of 1933, as amended and presents the pro forma effects of the acquisition (such transaction, the "Acquisition") by Stran Loyalty Solutions, LLC ("SLS"), a wholly owned subsidiary of Stran & Company, Inc. (the "Company" or "Stran"), of all of the rights and interests in and to substantially all of the assets of Bangarang Enterprises, LLC, a California limited liability company (d/b/a Gander Group) ("Gander Group") for total cash consideration of \$1.5 million completed as of August 23, 2024 ("Closing Date").

Description of the Acquisition

On August 23, 2024, Stran Loyalty Solutions entered into a Secured Party Sale Agreement, dated as of August 23, 2024 (the "Sale Agreement"), between Stran Loyalty Solutions and Sallyport Commercial Finance, LLC, a Delaware limited liability company ("Secured Party"), pursuant to which Stran Loyalty Solutions agreed to purchase, on an as-is basis, all of the rights and interests of Gander Group, in and to substantially all of Gander Group Assets from Secured Party as a private sale pursuant to Article 9 of the Uniform Commercial Code (the "Gander Group Transaction").

Under the Sale Agreement, the aggregate consideration for the Gander Group Assets consisted of (a) cash payments by Stran Loyalty Solutions to Secured Party of approximately \$1.1 million (the "Cash Purchase Price"), and (b) cash payment of \$370 thousand per the Release Agreement (as defined below). The aggregate purchase price was \$1.5 million.

As a result of the Gander Group Transaction Closing, the Company indirectly acquired substantially all of the assets of Gander Group, including all of the equity of Gander Group Louisiana, LLC, a Louisiana limited liability company, which became a wholly-owned subsidiary of Stran Loyalty Solutions.

In addition, Stran Loyalty Solutions entered into a Release Agreement, dated as of August 23, 2024, between Gander Group and Stran Loyalty Solutions (the "Release Agreement"). Under the Release Agreement, Gander Group granted a full and complete waiver and release of Stran Loyalty Solutions and its affiliates of any non-competition, non-solicitation, or similar restrictive covenants of any parties owed to Gander Group or any of its affiliates and Stran was required to pay an additional \$370 thousand to Gander Group.

The Sale Agreement and the Release Agreement included provisions for indemnification, reimbursement for returned items, handling of assets and liabilities during Gander Group's wind-down, and certain other matters.

Accounting for the Acquisition

The Acquisition was accounted for as a business combination using the acquisition method with Stran as the accounting acquirer in accordance with Accounting Standards Codification Topic 805 ("ASC 805"), Business Combinations. Under ASC 805, assets acquired and liabilities assumed in a business combination are to be recognized and measured at their estimated acquisition date fair value.

NOTES TO UNAUDITED PRO FORMA COMBINED FINANCIAL INFORMATION (in thousands)

Note 1 - Basis of Pro Forma Presentation

Basis of Preparation of the Pro Forma Information

The Unaudited Pro Forma Combined Statements of Operations have been prepared using, and should be read in conjunction with, the following:

- The Company's historical financial statements and accompanying notes in its Quarterly Reports on Form 10-Q for the six months ended June 30, 2024;
- The Company's historical financial statements and accompanying notes in its Annual Reports on Form 10-K/A for the fiscal year ended December 31, 2023;
- The historical financial information of Gander Group for the six months ended June 30, 2024; and
- The historical financial information of Gander Group for the year ended December 31, 2023.

The following unaudited pro forma combined financial information has been prepared in accordance with Article 11 of Regulation S-X. The Transaction Accounting Adjustments reflecting the Acquisition based on certain currently available information and certain assumptions and methodologies that the Company believes are reasonable under the circumstances. The Transaction Accounting Adjustments, which are described in the accompanying notes, may be revised as additional information becomes available and is evaluated. Therefore, it is likely that the actual adjustments will differ from the Transaction Accounting Adjustments, and it is possible such differences may be material. The Company believes that these assumptions and methodologies provide a reasonable basis for presenting all the significant effects of the Acquisition based on information available to management at the time and that the Transaction Accounting Adjustments give appropriate effect to those assumptions and are properly applied in the unaudited pro forma combined financial information.

Accounting for the Transaction

The unaudited pro forma combined financial information was prepared using the acquisition method of accounting and is based on the historical financial statements of Stran and Gander Group. The acquisition method of accounting is based on Accounting Standards Codification ("ASC") 805, Business Combinations, with the Company as the accounting acquirer, and uses the fair value concepts defined in ASC 820, Fair Value Measurement.

ASC 805 requires, among other things, that the assets acquired and liabilities assumed be recognized at their fair values as of the acquisition date. In addition, ASC 805 requires that the consideration transferred be measured at the date the Acquisition is completed.

ASC 820 defines the term "fair value," sets forth the valuation requirements for any asset or liability measured at fair value, expands related disclosure requirements and specifies a hierarchy of valuation techniques based on the nature of the inputs used to develop the fair value measures. Fair value is defined in ASC 820 as "the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date." This is an exit price concept for the valuation of the asset or liability. In addition, market participants are assumed to be buyers and sellers in the principal (or the most advantageous) market for the asset or liability. Fair value measurements for an asset assume the highest and best use by these market participants. As a result of these standards, Stran may be required to record the fair value of assets which are not intended to be used or sold and/or to value assets at fair value measures that do not reflect Stran's intended use of those assets. Many of these fair value measurements can be highly subjective, and it is possible that other professionals, applying reasonable judgment to the same facts and circumstances, could develop and support a range of alternative estimated amounts.

Under the acquisition method of accounting, the assets acquired and liabilities assumed are recorded, as of the completion of the Acquisition, primarily at their respective fair values, with the excess of the purchase consideration over the fair value of Gander Group's net assets, allocated to goodwill, if any, and added to those of Stran. Financial statements and reported results of operations of Stran issued after completion of the Acquisition will reflect these values and will not be retroactively restated to reflect the historical financial position or results of operations of Gander Group. The pro forma allocation of the purchase price reflected in the unaudited pro forma combined financial information is preliminary and thus subject to adjustment and may vary materially from the final purchase price allocation that will be completed within the measurement period, but in no event later than one year following the Closing Date.

Under ASC 805, acquisition-related transaction costs (e.g., advisory, legal and other professional fees) are not included as a component of consideration transferred but are accounted for as expenses in the periods in which such costs are incurred. Total acquisition-related transaction costs incurred by Stran were \$435 thousand and incurred after June 30, 2024. These acquisition related transaction costs are reflected as a pro forma adjustment to the unaudited pro forma combined statements of operations.

The unaudited pro forma combined financial statements do not include any adjustments to the realization of any costs (or cost savings) from operating efficiencies, synergies, or other restructuring activities that might result from the Gander Group Transaction. The pro forma adjustments represent management's best estimates and are based upon currently available information and certain assumptions that the Company believes are reasonable under the circumstances.

The unaudited pro forma combined financial information is presented for informational purposes only and does not necessarily indicate the financial results of the combined company had the companies been combined at the beginning of the period presented, nor does it necessarily indicate the results of operations in future periods or the future financial position of the combined company.

Note 2 - Accounting Policies and Reclassifications

Upon consummation of the Gander Group Transaction, the Company performed a comprehensive review of the two entities' accounting policies. Based on its analysis, the Company did not identify any differences that would have a material impact on the unaudited pro forma combined financial information. As a result, the unaudited pro forma combined financial information does not assume any differences in accounting policies.

As part of the preparation of these unaudited pro forma combined financial statements, certain reclassifications were made to align Gander Group's financial statement presentation with that of Stran.

Note 3 - Transaction and Estimated Purchase Consideration

Under the Sale Agreement, the aggregate consideration for the Gander Group Assets consisted of (a) cash payments by Stran Loyalty Solutions to Secured Party of approximately \$1,099 (the "Cash Purchase Price"), and (b) cash payment of \$370 per the Release Agreement (as defined below). The aggregate purchase price was \$1,469.

The estimated purchase price allocation is based on preliminary estimates of fair value as follows (in thousands):

Preliminary Amount Recognized as of the Acquisition Date

Assets acquired	
Accounts receivable	\$ 1,717
Prepaid expenses and other assets	946
Inventory	939
Customer Relationship	1,458
Trade Name	654
Other long-term assets	58
Goodwill	 2,542
Total assets acquired	\$ 8,314
Liabilities assumed	
Accounts payable and accrued expenses	\$ 4,698
Customer deposits	2,147
Total liabilities assumed	\$ 6,845
Net assets acquired	1.469

The Gander Group Assets were valued using a combination of a multi-period excess earnings methodology, a form of a discounted cash flow approach, and a relief from royalty methodology, a form of a present value of cash flows approach. The goodwill represents the excess fair value after the allocation of intangibles, of which approximately \$2,542 is expected to be deductible for tax purposes.

The Company used the assistance of a third-party firm to estimate the fair value of the intangible assets acquired.

Identifiable intangible assets acquired were comprised of the following (in thousands, except for estimated useful life):

			Estimated
	Amount		Life
Trade name	\$	654	Indefinite
Customer relationships		1,458	10 years
Total intangible assets	\$	2,112	

Note 4 - Transaction Accounting Adjustments to Unaudited Pro Forma Combined Statements of Operations

- (B) Represents pro forma adjustment to reflect Stran transaction cost of \$435 that was paid in cash.
